

IMPACT SPORT ELECTRONIC EARMUFFS O.D. GREEN

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

Protects Hearing, Amplifies Conversation & Range Commands

The Howard Leigh Impact Sport Electronic Earmuffs offer compact, lightweight electronic hearing protection allowing you to hear conversations and range commands, while blocking out dangerous noises like gunfire. Internal ultra-fast response electronics amplify ambient sounds to a safe 82 decibels (dB), yet shut down when sounds above 82 dB are detected to let the muff's passive hearing protection take over. When the earmuffs are in amplification mode, directionally placed stereo microphones even help you hear where the sound is coming from. Built-in AUX input accepts 1/8" (3mm) stereo plug (patch cable included) to connect an MP3 player, radio, or other audio. The Impact Sport Electronic Earmuffs feature an automatically shut-off that activates after 4 hours to preserve battery life. Bottom half of the low-profile ear cups angles in sharply to ensure plenty of clearance when shouldering long guns. Cups fold up neatly into the adjustable head band for convenient storage.

Attributes

- Name: [IMPACT SPORT ELECTRONIC EARMUFFS O.D. GREEN](#)

IMPACT SPORT ELECTRONIC EARMUFFS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Howard Leight Impact Sport Electronic Earmuffs. This guide provides essential safety instructions and usage information to ensure your protection while using this product. Please read this guide carefully before using the earmuffs.

General Safety Guidelines

- Ensure that the earmuffs are used in accordance with the intended purpose as described in this guide.
- Always inspect the earmuffs for any visible damage before each use. If any damage is found, do not use the product.
- Store the earmuffs in a dry and clean place when not in use.
- Keep the earmuffs away from children unless supervised by an adult.
- Be aware of your surroundings when using the earmuffs, especially in environments where safety is critical.
- Regularly check for updates regarding product recalls on the EU Safety Gate platform.

Specific Safety Precautions for Use

- The earmuffs are designed to provide hearing protection from loud noises, such as gunfire. Ensure they are worn correctly to maximize their effectiveness.
- Do not exceed the recommended usage time of 4 hours in amplification mode to preserve battery life.
- Avoid exposure to extreme temperatures or moisture, as this may damage the electronic components.
- Do not attempt to repair the earmuffs yourself. For any issues, refer to the contact information section for support.
- When using the builtin AUX input, ensure that the device connected does not exceed safe sound levels to avoid hearing damage.

Instructions for Installation and Usage

1. Fitting the Earmuffs:

- Adjust the headband for a snug fit on your head.
- Ensure that the ear cups cover your ears completely to provide optimal protection.

2. Using the Amplification Feature:

- Turn on the earmuffs to activate the amplification mode.
- Speak normally; the earmuffs will amplify ambient sounds up to a safe level of 82 dB.
- If sounds exceed 82 dB, the earmuffs will automatically shut down amplification to protect your hearing.

3. Connecting External Devices:

- Use the included patch cable to connect your MP3 player, radio, or other audio devices to the AUX input.
- Ensure the volume on the external device is set to a safe level before use.

4. Shutting Off the Earmuffs:

- The earmuffs will automatically shut off after 4 hours of inactivity to conserve battery life.
- To turn off manually, locate the power button and press it.

5. Folding for Storage:

- After use, fold the ear cups into the adjustable headband for easy storage.

Disposal Instructions

- Dispose of the earmuffs in accordance with local regulations for electronic waste.
- Remove batteries before disposal and recycle them according to local battery recycling guidelines.
- Do not dispose of the earmuffs in household waste.

Contact Information for Further Support

For inquiries regarding safety, usage, or product support, please consult the contact information provided with your product packaging or on the manufacturer's website.

Thank you for prioritizing your safety and the safety of others while enjoying your Howard Leight Impact Sport Electronic Earmuffs.
