

S&W M&P ACTION ENHANCEMENT COMPONENTS - APEX TACTICAL SPECIALTIES INC COMPETITION KIT, .45 ACP

[Handgun Parts](#) > [Trigger Group Parts](#) > [Performance Enhancing Kits](#)

Drop-In Upgrade Parts Improve Trigger Pull For Competition Or Carry

Drop-in replacements for factory components enhance reliability and optimize the performance of your M&P for different applications. Installing the Competition Kit yields a smooth, consistent, trigger pull of slightly less than 3 lbs., with shorter over-travel and faster reset than a factory-stock M&P. Retain the factory sear spring to get a slightly heavier 3½ lb. pull. Designed for IDPA, USPSA, Steel Challenge, 3-gun, and similar types of action shooting competition. Not for duty, carry, or self-defense applications. Duty/Carry Kit delivers a smooth, consistent 5½ lb. trigger pull with less over-travel and shorter reset. Improves performance of your pistol while maintaining its safety features for daily carry. Retain the factory sear spring to get a slightly lighter 5 lb. pull. Both kits engineered for a drop-in fit, though gunsmith installation is recommended.

S&W M&P ACTION ENHANCEMENT COMPONENTS APEX TACTICAL SPECIALTIES INC COMPETITION KIT Safety Instructions

Introduction

Thank you for choosing the S&W M&P ACTION ENHANCEMENT COMPONENTS APEX TACTICAL SPECIALTIES INC COMPETITION KIT, .45 ACP. This product is designed to enhance the performance of your M&P pistol for competitive shooting. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of all nonfood products, including this enhancement kit.
- Be aware of potential risks associated with the installation and use of the kit.
- Follow all instructions provided in this guide to avoid accidents and injuries.
- Regularly check for product recalls and safety updates on the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- This kit is intended for competition use only. It is **NOT FOR DUTY/CARRY or SELFDEFENSE APPLICATIONS**.
- Retain the factory sear spring if you wish to achieve a slightly heavier trigger pull.
- Ensure that the firearm is unloaded before beginning any installation or maintenance.
- Use appropriate safety gear, including eye protection, while handling the firearm and during installation.
- Keep the kit and all components out of reach of children and vulnerable individuals.
- If you are unsure about the installation process, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded. Check the chamber and magazine.
- Gather necessary tools and components from the kit, including hard sear, Ultimate Striker Block, two sear springs, and trigger return spring.

2. Installation:

- Remove the factory components following the manufacturer's guidelines.
- Install the hard sear and Ultimate Striker Block in accordance with the instructions provided in the kit.
- Select the appropriate sear spring based on your desired trigger pull weight and install it.
- Install the trigger return spring, ensuring it is seated correctly.
- For the Duty/Carry Kit, include the competition striker spring and aluminum slave pin for the trigger return spring installation.

3. Testing:

- Once installation is complete, conduct a function check of the firearm to ensure proper operation.
- Verify that the trigger pull weight meets your expectations and is within safe limits.

4. Usage:

- Use the enhanced M&P pistol only in a controlled environment, such as a shooting range.
- Follow all standard firearm safety rules while using the pistol.
- Regularly inspect the installation to ensure all components are secure and functioning correctly.

Disposal Instructions

- Dispose of any unused or defective components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

Contact Information for Further Support

- For any inquiries or concerns regarding safety and usage, please refer to the manufacturer's contact details available on their website or product packaging.

By following these safety instructions, you can ensure a safe and enjoyable experience with your S&W M&P ACTION ENHANCEMENT COMPONENTS APEX TACTICAL SPECIALTIES INC COMPETITION KIT. Thank you for your attention to safety.
