

S&W M&P FULLY MACHINED SEAR - APEX TACTICAL SPECIALTIES INC 2-DOT FULLY MACHINED SEAR FOR M&P .45/M&P M2.0/SHIELD

[Handgun Parts](#) > [Trigger Group Parts](#) > [Sear Parts](#) > [Sears](#)

Dramatically Improves Trigger Pull

Apex Tactical's Fully Machined Sear for the Smith & Wesson M&P series has a different geometry from the factory part that dramatically reduces trigger pull weight to less than 5 lbs., while it also shortens overtravel and improves reset speed. The end result is much better trigger feel overall. Use the Fully Machined M&P Sear as a standalone upgrade or in conjunction with an Apex spring kit and Ultimate Striker Block (both sold separately). The Apex Fully Machined Sear is available in two models: 1-Dot fits all current-production M&P pistols in 9mm, .357 SIG and .40 S&W. Does not fit M&P45 or Shield models. 2-Dot fits current-production M&P pistols in .45 ACP, M&P M2.0 in 9mm and .40 S&W, and ALL M&P Shields (9mm/.40 S&W/.45 ACP). With both models, the benefits will be the same: Reduces pull weight to sub 5 lbs. (exact weight varies from gun to gun) Shorter overtravel Faster reset The Apex Tactical Fully Machined Sear offers a simple upgrade to your Smith & Wesson M&P series pistol that yields a big improvement in its overall performance.

Safety Instruction Guide for S&W M&P Fully Machined Sear

Introduction

Thank you for choosing the S&W M&P Fully Machined Sear from Apex Tactical Specialties Inc. This guide provides essential safety instructions to ensure the safe use and installation of your new sear. Please read this document thoroughly before use to maximize safety and performance.

General Safety Guidelines

- **Product Safety:** Ensure that the sear is used only with compatible Smith & Wesson M&P series pistols. Improper use may lead to malfunction or injury.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If a recall is issued, follow all instructions provided to remedy the situation.
- **Online Shopping:** When purchasing online, ensure that you buy from reputable sellers who comply with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep all firearm components out of reach of minors.
- **EU Contact Point:** For safety inquiries, look for the EU-based contact information provided by the manufacturer or retailer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on any unsafe products.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the Fully Machined Sear is compatible with your specific M&P model. The 2Dot model fits current production M&P pistols in .45 ACP, M&P M2.0 in 9mm and .40 S&W, and all M&P Shields (9mm/.40 S&W/.45 ACP).
- **Installation:** Installation should be performed by a qualified gunsmith or experienced individual. Incorrect installation can lead to firearm malfunctions.
- **Testing:** After installation, conduct a function test in a safe environment to ensure proper operation before using the firearm in any capacity.
- **Maintenance:** Regularly inspect the sear and associated components for signs of wear or damage. Replace any worn parts immediately.
- **Storage:** Store the firearm in a secure location, ensuring that the sear and other components are protected from unauthorized access.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including screwdrivers and any specific tools recommended by the manufacturer.

2. Installation Steps:

- Remove the factory sear from the firearm according to the manufacturer's instructions.
- Install the Apex Fully Machined Sear by reversing the removal steps.
- Ensure that all screws and components are tightened to the manufacturer's specifications.

3. Function Testing:

- After installation, perform a function test:
 - Dry fire the firearm in a safe environment to check for proper trigger function.
 - Ensure that the trigger resets correctly and that there is no excessive overtravel.

4. Safe Usage:

- Always adhere to firearm safety rules:
 - Treat every firearm as if it is loaded.
 - Keep your finger off the trigger until ready to shoot.
 - Always be aware of your target and what is beyond it.

Disposal Instructions

- Dispose of the Fully Machined Sear and any associated components in accordance with local regulations.
- If the product is damaged or no longer in use, ensure it is disposed of safely to prevent any potential hazards.

Contact Information for Further Support

For any further inquiries regarding the S&W M&P Fully Machined Sear, please refer to the manufacturer's website or contact the retailer from whom you purchased the product. Ensure you have your product details at hand for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of your S&W M&P Fully Machined Sear. Thank you for prioritizing safety and performance.
