

GUIDE ROD ASSEMBLY for GLOCK® - LONE WOLF DIST. GUIDE ROD ASSEMBLY, 17/17L/22/24/31/34/35/37

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Spring Guide Rods](#)

Stainless Steel Prevents Rod Flex & Spring Bind For More Reliable Cycling

Hardened stainless steel guide rod won't break or flex and bind the spring like the factory plastic rod. Helps prevent cycling problems, improves reliability and overall performance. Features a captured, ISMI chrome silicon flat spring that's heat-treated, shot peened, and calibrated to the factory-spec 17 lb. weight. Steel Allen head screw and washer secure the spring to the rod, yet enable easy disassembly for spring replacement.

Attributes

- Name: [LONE WOLF DIST. GUIDE ROD ASSEMBLY, 17/17L/22/24/31/34/35/37](#)
- Manufacturer: [LONE WOLF DIST.](#)

Safety Instruction Guide for GUIDE ROD ASSEMBLY for GLOCK® LONE WOLF DIST.

Introduction

Thank you for purchasing the GUIDE ROD ASSEMBLY for GLOCK® from LONE WOLF DIST. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- **Product Safety:** Always ensure that the GUIDE ROD ASSEMBLY is installed correctly to prevent any potential hazards during use.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. Check the EU Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, please refer to the appropriate EU contact point.
- **Rapid Alerts:** Be aware of any alerts regarding unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Installation:** Ensure the firearm is unloaded before attempting to install the guide rod assembly.
- **Inspection:** Regularly inspect the guide rod and spring for signs of wear or damage. Replace if necessary.
- **Usage:** Only use the GUIDE ROD ASSEMBLY with compatible Glock models as specified. Do not attempt to use with noncompatible models.
- **Handling:** Always handle your firearm with care and follow standard firearm safety practices.
- **Storage:** Store the firearm in a secure location, away from unauthorized users.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools (e.g., Allen wrench) for installation.

2. Installation:

- Remove the factory guide rod by disassembling the firearm according to the manufacturer's instructions.
- Insert the GUIDE ROD ASSEMBLY into the recoil spring housing.
- Secure the spring to the rod using the provided steel Allen head screw and washer.
- Ensure the assembly is properly seated and secured.

3. Usage:

- After installation, perform a function check to ensure proper operation.
- Test the firearm in a safe and controlled environment to confirm reliability.

4. Maintenance:

- Regularly clean and lubricate the guide rod and spring as per firearm maintenance guidelines.

- Replace the spring if you notice any signs of fatigue or damage.

Disposal Instructions

- Dispose of the GUIDE ROD ASSEMBLY responsibly.
- Follow local regulations for the disposal of metal products.
- If the product is defective or no longer usable, consider recycling where possible.

Contact Information for Further Support

For any questions or concerns regarding the GUIDE ROD ASSEMBLY for GLOCK®, please consult your retailer or the appropriate EU contact point for assistance.

By following these safety instructions, you can help ensure a safe and effective experience with your GUIDE ROD ASSEMBLY for GLOCK®. Thank you for your attention to safety.
