

STORACELL BATTERY MANAGEMENT SYSTEM - POWERPAX CR-123 STORACELL

[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

Organizes Batteries & Protects Them From Power Drain

Bright orange dispenser keeps four, new or recharged batteries fresh, organized, and ready when you need them. Originally designed for pilots, these lightweight, compact caddies protect and prolong battery life by isolating each cell's terminals at both ends to prevent shorts and current drain caused by accidental contact with metal objects. Ideal for storing batteries for tactical lights and red dot optics. Easily locate and retrieve a battery with one hand. Models available to hold four CR-123 or four AA.

Attributes

- Name: [POWERPAX CR-123 STORACELL](#)

STORACELL Battery Management System Safety Instruction Guide

Introduction

Thank you for choosing the STORACELL Battery Management System by POWERPAX. This guide provides essential safety instructions to ensure the safe use and management of your battery dispenser. Please read this guide carefully to understand the proper handling, usage, and disposal of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose: storing and organizing CR123 or AA batteries.
- Keep the product out of reach of children to prevent accidental ingestion or misuse.
- Always inspect batteries for damage before placing them in the dispenser. Do not use damaged batteries.
- Store the dispenser in a cool, dry place away from direct sunlight and heat sources.
- Regularly check for any signs of wear or damage to the dispenser. If damaged, discontinue use immediately.

Specific Safety Precautions for Use

- Do not mix old and new batteries in the dispenser, as this can lead to leaks and reduced performance.
- Ensure that batteries are inserted with the correct polarity (+ and -) as indicated.
- Avoid exposing the dispenser to extreme temperatures or humidity.
- Do not attempt to open or modify the dispenser, as this may compromise its safety features.
- If a battery leaks, handle it with care. Use gloves and dispose of the battery according to local regulations.

Instructions for Installation and Usage

1. **Unpacking:** Carefully remove the STORACELL Battery Management System from its packaging. Inspect for any visible damage.
2. **Battery Insertion:**
 - Open the dispenser lid.
 - Insert up to four CR123 or four AA batteries, ensuring correct polarity.
 - Close the lid securely.
3. **Locating a Battery:**
 - Hold the dispenser in one hand.
 - Open the lid and select the desired battery.
4. **Storage:** Store the dispenser in a location that is easily accessible but out of reach of children and pets.
5. **Routine Maintenance:**
 - Periodically check the batteries stored within the dispenser for any signs of leakage or damage.
 - Replace batteries as needed to ensure optimal performance.

Disposal Instructions

- Dispose of batteries according to local regulations. Many areas have specific guidelines for battery disposal.
- Do not throw batteries in household trash. Instead, use designated recycling or disposal facilities.
- Dispose of the STORACELL Battery Management System in accordance with local waste management regulations.

Contact Information for Further Support

For any safety inquiries or concerns about the STORACELL Battery Management System, please refer to the contact information provided on the packaging or visit the manufacturer's website for support.

By following these guidelines, you can ensure the safe and effective use of your STORACELL Battery Management System. Thank you for your attention to these important safety instructions.
