

# ACCU/LEVEL ARTICULATING SCOPE LEVEL - FLATLINE OPS SNIPER 34MM ARTICULATING SCOPE LEVEL

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

## Helps You Achieve True Vertical Hold For Improved Accuracy

The Accu/Level scope level clamps directly to the scope tube to help you correct “cant error” for a dead-on true vertical hold that improves accuracy. Bright, fluorescent yellow bubble-level pivots out into the open position for immediate use and swings back over the top of the scope for storage. Models available to fit 1", 30mm, and 34mm scope tubes. Accommodates both left- and right-hand shooters. Ring clamp holds tight with two stainless steel Allen head screws. Integral accessory dovetail accepts the Strong Arm Mount for attaching a cosine indicator to your Accu/Level.

# ACCU/LEVEL ARTICULATING SCOPE LEVEL FLATLINE OPS SNIPER 34MM ARTICULATING SCOPE LEVEL Safety Instruction Guide

## Introduction

Thank you for choosing the ACCU/LEVEL Articulating Scope Level from Flatline Ops. This product is designed to enhance your shooting accuracy by helping you correct “cant error.” To ensure your safety and the effective use of this device, please carefully read and follow the instructions outlined in this guide.

## General Safety Guidelines

- Always use the ACCU/LEVEL scope level as intended to avoid accidents.
- Ensure that the scope level is securely attached to the scope tube before use.
- Regularly inspect the scope level for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Before adjusting your scope level, ensure your firearm is unloaded and pointed in a safe direction.
- Do not force the scope level into place; it should fit snugly without excessive pressure.
- Avoid using the scope level in extreme weather conditions that may affect its performance.
- Be cautious when pivoting the bubble level into the open position to prevent pinching or injury.
- If you notice any malfunction or irregularity during use, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### Installation

1. **Select the Right Model:** Ensure you have the correct model for your scope tube size (1", 30mm, or 34mm).
2. **Positioning:** Locate the desired position on the scope tube for the scope level.
3. **Clamp the Level:**
  - Open the ring clamp.
  - Place the clamp around the scope tube.
  - Tighten the clamp using the two stainless steel Allen head screws until secure, but do not overtighten.
4. **Attach Accessory:** If needed, attach the Strong Arm Mount to the integral accessory dovetail for a cosine indicator.

### Usage

1. **Check Alignment:** Before taking your shot, ensure that the bubble level is centered in the vial.
2. **Adjust as Necessary:** If the bubble is not centered, adjust your scope or shooting position to achieve a true vertical hold.
3. **Storage:** After use, swing the bubble level back over the top of the scope for safe storage.

## Disposal Instructions

- Dispose of the ACCU/LEVEL scope level in accordance with local regulations.

- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

## Contact Information for Further Support

For any questions or concerns regarding the ACCU/LEVEL Articulating Scope Level, please refer to the manufacturer's website or contact customer support for assistance. Always ensure to have your product details ready for a more efficient response.

By following these safety instructions, you can ensure the safe and effective use of your ACCU/LEVEL Articulating Scope Level. Thank you for your attention to these guidelines, and enjoy your improved shooting accuracy!
