JFRAME DUTY/CARRY KIT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the JFrame Duty/Carry Kit from Apex Tactical Specialties Inc. This kit is designed to enhance the performance of your Smith & Wesson Jframe revolver by reducing the trigger pull weight. It is important to follow the safety guidelines outlined in this instruction guide to ensure proper installation and safe use of the product.

General Safety Guidelines

- Ensure that the product is used only with modern centerfire Jframe revolvers that have the framemounted firing pin.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Keep the product and all firearms out of reach of children and unauthorized users.
- Regularly check for any product recalls or safety alerts on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Before installation, ensure that the firearm is unloaded and the area is clear of any obstructions.
- Wear appropriate safety gear, including eye protection, when working with firearms.
- Do not attempt to install the kit if you are not confident in your ability to do so safely. Seek assistance from a qualified gunsmith if needed.
- After installation, conduct a thorough safety check of the firearm to ensure it is functioning properly.
- Be aware that modifying your firearm may void its warranty. Check with the manufacturer for any specific concerns.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools: a small screwdriver and any other tools recommended by the manufacturer.

2. Disassembly of the Firearm

- Remove the cylinder from the revolver.
- Carefully take apart the existing components, including the rebound slide spring and main spring.

3. Installation of the JFrame Duty/Carry Kit

- Replace the factory rebound slide spring with the new spring provided in the kit.
- Install the new main spring included in the kit.
- Follow the instructions for the Apex XP firing pin kit, ensuring all components are securely installed.

4. Reassembly of the Firearm

- Reassemble the revolver, ensuring all parts are correctly fitted.
- Doublecheck that no parts are left out and that everything is functioning smoothly.

5. Final Safety Check

- Perform a dry fire test in a safe environment to ensure the trigger pull weight is reduced to the desired level.
- Inspect the firearm for any unusual sounds or movements during operation.

Disposal Instructions

- Dispose of any old springs or parts according to local regulations for hazardous waste.
- Do not throw away any components in regular household trash; follow recycling guidelines where applicable.

Contact Information for Further Support

For any questions or concerns regarding the JFrame Duty/Carry Kit, please refer to the manufacturer's website or contact their customer support directly. Ensure that you have your product details and any relevant information on hand for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of your JFrame Duty/Carry Kit. Thank you for your attention to safety, and enjoy your enhanced shooting experience!
