

M1A/M14 EXTENDED LENGTH RAIL SYSTEM - VLTOR WEAPON SYSTEMS M14/M1A UPPER RAIL SYSTEM BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Features: CASV-14 comes in the highly requested Extended Length Rail extends all the way back to the rifle's stripper clip guide Aircraft aluminum alloy construction with steel mounting hardware Will not interfere with any Mil-spec (wood or fiberglass) or aftermarket buttstock assembly Three secured mounting points; one at the stripper clip guide, the second at the rear of the barrel, and the third around the operating rod guide From the operating rod guide forward, the CASV-14 does not touch the barrel Fits most platforms, except for some heavy barrel systems, including National Match, M21 and M25 systems. Standard Milspec barrel configurations only. The operating rod guide has to be fully exposed (front and back) for the CASV-14 to mount Two quick detachable sling mounting holes Multiple mounting points for Picatinny rail sections Grooved Picatinny rail allows for the use of iron sights Weight: 13.5 oz Overall length (rail): 17 inches Overall length (handguard chassis): 12.75 inches Width (rear of handguard): 1.900 inches Width (front of handguard): 1.650 inches Benefits: Extended length rail allows for various optics to be mounted Three secured mounting points allow for a rigid mounting platform, while placing minimal stress on the barrel Modular construction allows for Quick Detach sling swivels, additional rails, and accessories to be attached to the CASV-14 The CASV-14 does not permanently alter the M1A/M14 and still allows for iron sights to be used

Attributes

M1A/M14 Extended Length Rail System Safety Instruction Guide

Introduction

Thank you for choosing the M1A/M14 Extended Length Rail System by VLTOR Weapon Systems. This guide provides essential safety instructions and information to ensure the safe use and installation of your new rail system. Please read this guide thoroughly before using the product.

General Safety Guidelines

- **Product Safety:** Ensure the proper use of this rail system to avoid potential hazards. The M1A/M14 rail system is designed for safe use when installed and maintained correctly.
- **Enhanced Recalls:** In the event of any safety concerns, standardized recall notices will be issued. Please stay informed about any product recalls.
- **Online Shopping:** When purchasing online, ensure the retailer complies with safety regulations. You have the same protections as when buying in physical stores.
- **Special Consumer Focus:** This product is not intended for children. Keep out of reach of minors to prevent accidents.
- **EU Contact Point:** For safety inquiries regarding this product, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Stay updated on any safety alerts or product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure the rail system is installed correctly to avoid injury or damage to the firearm.
- **Compatibility Check:** Verify that your firearm is compatible with the M1A/M14 rail system before installation.
- **Weight Limit:** Do not exceed the recommended weight limit for accessories mounted on the rail system.
- **Regular Inspections:** Periodically check the rail system for signs of wear or damage. Replace any damaged components immediately.
- **Avoid OverTightening:** Do not overtighten screws or mounting hardware, as this may cause damage to the rail system or firearm.
- **Use Appropriate Accessories:** Only use accessories that are compatible with the Picatinny rail system to ensure safe operation.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools, including a screwdriver and any required mounting hardware.
2. **Remove Existing Handguard:** Carefully remove the existing handguard from your M1A/M14 rifle. Follow the manufacturer's instructions for your specific model.
3. **Install the Rail System:**
 - Align the CASV14 rail system with the stripper clip guide on your rifle.
 - Secure the rail system using the three mounting points:
 - Mount at the stripper clip guide.
 - Mount at the rear of the barrel.
 - Mount around the operating rod guide.
4. **Check Alignment:** Ensure that the rail system is properly aligned and does not interfere with the barrel.
5. **Attach Accessories:** Once the rail system is securely mounted, you can attach compatible accessories using the Picatinny rail sections.
6. **Final Inspection:** After installation, conduct a final inspection to ensure everything is secure and

properly aligned.

Disposal Instructions

- **Environmental Responsibility:** Dispose of packaging materials responsibly. Recycle where possible.
- **Product Disposal:** When the rail system reaches the end of its life, dispose of it according to local regulations. Do not dispose of it in regular household waste.

Contact Information for Further Support

For further assistance or inquiries regarding the M1A/M14 Extended Length Rail System, please refer to the contact information provided by your retailer or the manufacturer.

Thank you for your attention to these safety instructions. Enjoy the enhanced functionality and performance of your M1A/M14 Extended Length Rail System.
