

XD/XDM DROP IN TRIGGER KITS - POWDER RIVER PRECISION INC

XD 9/40 DROP IN TRIGGER KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Powder River Precision XD/XDM Drop In Trigger Kit contains their famous striker safety lever, which removes the long trigger pre-travel on XD triggers. The kit includes reduced power; trigger spring, sear spring, striker safety spring, and striker spring. These reduced power springs allow for a lowered pull weight. The PRP Drop in Trigger is constructed of lightweight polymer that assists in speeding up trigger reset. It also has an integral over travel stop on the back of the trigger. This integral stop removes added stress on the trigger bar that is present with other over travel stop methods. When installed, this kit provides a short, crisp trigger pull (3.5-4.5lbs) with a fast reset and shortened overall trigger pull length. Available for all XD/XDM except for the 45 XD with thumb safety. The XDM model has received the American Pistolsmith Guild Seal of Approval.

Attributes

- Name: [POWDER RIVER PRECISION INC XD 9/40 DROP IN TRIGGER KIT](#)
- Manufacturer: [POWDER RIVER PRECISION INC](#)

XD/XDM Drop In Trigger Kit Safety Instructions

Introduction

Thank you for choosing the Powder River Precision XD/XDM Drop In Trigger Kit. This product is designed to enhance the performance of your XD or XDM firearm. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm and ammunition securely, out of reach of children and unauthorized users.
- Familiarize yourself with your firearm's operation and safety features before use.
- Use only the recommended components and accessories with your firearm.
- Regularly inspect your firearm and its components for wear or damage.
- Always follow local laws and regulations regarding firearms.

Specific Safety Precautions for Use

- This trigger kit is designed for use with Springfield XD and XDM models, excluding the .45 XD with thumb safety.
- Ensure the firearm is unloaded before installation.
- Installation should only be performed by individuals familiar with firearm mechanics.
- Do not attempt to modify or alter the trigger kit.
- Be aware that the reduced power springs may result in a lighter trigger pull; practice safe handling and shooting techniques.
- Keep hands and fingers clear of the trigger during installation and maintenance.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools (e.g., screwdriver, punch tool).

2. Installation Steps:

- Remove the slide from the XD/XDM firearm.
- Disassemble the trigger assembly according to the manufacturer's instructions.
- Carefully remove the existing trigger spring, sear spring, striker safety spring, and striker spring.
- Install the new reduced power springs provided in the kit, ensuring they are seated correctly.
- Reassemble the trigger assembly and slide, following the reverse order of disassembly.
- Test the trigger mechanism to ensure proper function before using the firearm.

3. Usage:

- After installation, practice with the new trigger pull weight to become accustomed to its characteristics.
- Regularly check the trigger mechanism for any signs of wear or malfunction.

Disposal Instructions

- Dispose of any old springs or parts according to local regulations.
- Do not dispose of firearm components in regular household waste.
- Contact local waste management services for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the appropriate contact channels provided with your purchase.

Thank you for following these safety instructions. Your safety and the safety of others is paramount. Enjoy your enhanced shooting experience with the Powder River Precision XD/XDM Drop In Trigger Kit.
