

XD/XDM DROP IN TRIGGER KITS - POWDER RIVER PRECISION INC

XD 45 DROP IN TRIGGER KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Powder River Precision XD/XDM Drop In Trigger Kit contains their famous striker safety lever, which removes the long trigger pre-travel on XD triggers. The kit includes reduced power; trigger spring, sear spring, striker safety spring, and striker spring. These reduced power springs allow for a lowered pull weight. The PRP Drop in Trigger is constructed of lightweight polymer that assists in speeding up trigger reset. It also has an integral over travel stop on the back of the trigger. This integral stop removes added stress on the trigger bar that is present with other over travel stop methods. When installed, this kit provides a short, crisp trigger pull (3.5-4.5lbs) with a fast reset and shortened overall trigger pull length. Available for all XD/XDM except for the 45 XD with thumb safety. The XDM model has received the American Pistolsmith Guild Seal of Approval.

Attributes

- Name: [POWDER RIVER PRECISION INC XD 45 DROP IN TRIGGER KIT](#)

XD/XDM Drop In Trigger Kit Safety Instructions

Introduction

Thank you for choosing the Powder River Precision XD/XDM Drop In Trigger Kit. This product is designed to enhance your shooting experience by providing a shorter, crisper trigger pull. However, safety is paramount when using firearms and firearm accessories. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the trigger kit.

General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Ensure the firearm is pointed in a safe direction at all times.
- Store firearms and ammunition securely, out of reach of children and unauthorized users.
- Familiarize yourself with your specific firearm model and its operation.
- Use only the intended ammunition and accessories for your firearm.
- Regularly inspect your firearm and accessories for wear or damage.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- This trigger kit is intended for use with XD/XDM models, excluding the XD 45 with thumb safety.
- Ensure the firearm is unloaded before installation.
- Follow all manufacturer instructions carefully during installation.
- Avoid using the firearm in wet or slippery conditions as it may affect handling.
- Be aware that modifications to the trigger may alter the firearm's characteristics and performance.
- Only use this trigger kit if you are experienced with firearm modifications; if unsure, seek professional assistance.
- Keep the trigger area clean and free from debris to prevent malfunctions.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather necessary tools: a punch tool, hammer, and screwdriver.

2. Remove the Old Trigger:

- Disassemble your firearm according to the manufacturer's instructions.
- Carefully remove the existing trigger components using the punch tool and hammer.

3. Install the New Trigger Kit:

- Insert the new striker safety lever from the Powder River Precision kit.
- Install the reduced power trigger spring, sear spring, striker safety spring, and striker spring as per the kit instructions.
- Ensure all components are seated correctly and securely.

4. Reassemble the Firearm:

- Reassemble your firearm carefully, following the manufacturer's guidelines.

- Conduct a function check to ensure the trigger operates correctly.

Usage Instructions

- After installation, practice safe handling and operation of your firearm.
- Test the trigger pull weight in a controlled environment to ensure it meets your expectations (3.54.5 lbs).
- Always follow general safety guidelines when using your firearm.

Disposal Instructions

- Dispose of any old trigger components and packaging responsibly.
- Check local regulations for proper disposal methods of firearm accessories.
- Do not discard in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the XD/XDM Drop In Trigger Kit, please refer to the manufacturer's website or customer service resources. It is important to have access to support for any safety inquiries or product issues.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Powder River Precision XD/XDM Drop In Trigger Kit. Always prioritize safety and responsible handling of firearms. Thank you for your attention to these important guidelines.
