## Unique Texturing Patterns For Excellent Hold & Weapon Control

Rugged grip panels made from tough G10 fiberglass offer the durability and superior gripping texture of modern composite materials. Advanced G10 laminate won't absorb moisture, resists impact, and won't expand or contract due to temperature fluctuation—perfect for all-weather operations and extreme conditions. Texturing is CNC machined into the laminate, then hand-finished to ensure uniform pattern depth. The hard surface allows the texturing to be cut a little sharper to give more "bite" than traditional checkered wood grips. Operator II - Offers the same basic design and G10 fiberglass construction as VZ's original Operator grips with the substitution of golfball pattern texturing on the leading edge next to the front strap, plus a thumb recess for the mag release. Excellent choice for the action competition shooter or tactical operator.

# Safety Instruction Guide for 1911 OPERATOR II G10 GRIPS

## Introduction

Thank you for choosing the 1911 OPERATOR II G10 GRIPS. These rugged grip panels are designed to enhance your shooting experience by providing superior durability and gripping texture. This safety instruction guide is intended to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the grips are installed correctly to avoid any potential hazards during use.
- Always inspect the grips for any signs of damage before use.
- Keep the grips away from moisture and extreme temperatures to maintain their integrity.
- Use the grips only with compatible firearm models as specified in the product details.
- Store the grips in a safe place, out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- Do not attempt to modify or alter the grips in any way, as this may compromise their safety and performance.
- Ensure that your hands are clean and dry before handling the grips to maintain a secure grip.
- Use caution when handling firearms equipped with these grips, following all standard firearm safety practices.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing grips from the firearm using the appropriate tools.
- Align the new 1911 OPERATOR II G10 GRIPS with the grip frame of the firearm.
- Secure the grips in place using the screws provided, ensuring they are tightened but not overtightened to avoid damaging the grips.

### 2. Usage:

- Familiarize yourself with the grip texture and feel before using the firearm for the first time.
- Practice handling the firearm in a safe environment to ensure comfort and control.
- Regularly check the grip screws to ensure they remain tight during use.

## Disposal Instructions

- Dispose of any damaged grips in accordance with local waste disposal regulations.
- Do not incinerate the grips as they may release harmful substances when burned.
- Consider recycling options for G10 fiberglass materials where available.
