

AR-15 FREE FLOAT HANDGUARDS - DOUBLE STAR AR15 RIFLE LENGTH HANDGUARD

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Includes Barrel Nut For Fast Installation

Machined aluminum handguard mounts onto your AR-15 and free floats the barrel to relieve stress and help enhance accuracy potential. Fits all standard size uppers and includes barrel nut for fast and easy installation. Accepts standard barrel nut wrenches and features knurled center section for secure grip. Rifle handguard has 5 longitudinal flutes to save weight, and 10 slots cut in the muzzle end to help improve air flow and help speed cooling. Carbine handguard has 8 longitudinal flutes to save weight. Pistol handguard has no flutes or slots.

Safety Instruction Guide for AR15 Free Float Handguards

Introduction

Thank you for choosing the AR15 Free Float Handguards by Double Star. This guide provides important safety information and instructions to ensure the safe use and installation of your handguard. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all parts of the handguard are intact and free from defects before installation.
- Always handle firearms with care and follow all safety protocols associated with firearms.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly check the handguard for wear or damage, and replace it if necessary.
- If you experience any issues during installation or use, contact a qualified professional for assistance.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installation or maintenance of the handguard.
- Use only compatible barrel nut wrenches to avoid damage to the handguard or firearm.
- Do not exceed the manufacturer's recommended weight limits when adding accessories to the handguard.
- Be cautious of sharp edges during installation; wear gloves if necessary.
- Ensure that the handguard is securely attached to the firearm before use to prevent accidental detachment during operation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a compatible barrel nut wrench.
- Ensure your work area is clean and free of distractions.

2. Installation:

- Remove the existing handguard from your AR15 by unscrewing the barrel nut.
- Align the new free float handguard with the upper receiver.
- Attach the barrel nut included with the handguard, ensuring it is tightened securely using the barrel nut wrench.
- Check that the handguard is properly aligned and does not obstruct the barrel.

3. Usage:

- Once installed, inspect the handguard to confirm it is secure.
- Use the handguard to enhance grip and stability when handling the firearm.
- Monitor the handguard for any signs of wear or looseness during use.

Disposal Instructions

- Dispose of the handguard responsibly in accordance with local regulations.
- If the handguard is damaged or no longer needed, consider recycling the aluminum material if applicable.
- Do not dispose of the handguard in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of your AR15 Free Float Handguards, please contact the manufacturer or a qualified firearms professional. Ensure you have the product information available for reference.

By following these guidelines, you can ensure a safe and effective experience with your AR15 Free Float Handguards. Thank you for prioritizing safety.
