Safety Instruction Guide for STACKABLE STORAGE BINS

Introduction

Thank you for choosing the STACKABLE STORAGE BINS by Sinclair International. These bins are designed for the safe storage of reloading components such as bullets. This guide provides essential safety instructions to ensure the safe use and handling of these storage bins in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the storage bins are used only for their intended purpose, which is to store reloading components.
- Always inspect the bins for any visible damage before use. Do not use damaged bins.
- Keep storage bins out of reach of children to prevent accidents.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about any product recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Avoid overloading the storage bins; adhere to the recommended maximum capacity to prevent structural failure.
- Ensure that the bins are stacked properly and interlocked securely to prevent shifting or falling.
- Use the front, back, and side grips for safe handling; do not lift the bins by the bottom or sides.
- Store the bins in a dry area away from extreme temperatures and direct sunlight to maintain their integrity.
- If using the bins in a workshop or reloading area, ensure that the environment is clean and free of hazards.

Instructions for Installation and Usage

1. **Unpacking:** Carefully remove the storage bins from their packaging. Check for any signs of damage during transit.
2. **Inspection:** Before use, inspect each bin for cracks, breaks, or defects. If any issues are found, do not use the bin.
3. **Stacking:**
 - Place the bins on a flat, stable surface.
 - Align the bins so that the interlocking features engage securely.
 - Ensure that the bins are stacked no more than three high to maintain stability.
4. **Filling the Bins:**
 - Place items gently into the bins to avoid damaging the bins or the contents.
 - Do not exceed the recommended capacity for each size of bin:
 - Small Bin: 5.5"x4"x3"
 - Large Bin: 7.5"x4"x3"
5. **Handling:**
 - Always use the designated grips for lifting and moving the bins.
 - Avoid dragging the bins across surfaces, as this may cause damage.
6. **Storage:**
 - Store the filled bins in a cool, dry location.
 - Avoid stacking heavy items on top of the bins to prevent crushing.

Disposal Instructions

- When the storage bins are no longer needed, dispose of them in accordance with local regulations.
- If the bins are damaged beyond use, consider recycling them if possible to minimize environmental impact.
- Do not burn the bins, as this may release harmful substances.

Contact Information for Further Support
