

XD/XDM DROP IN TRIGGER KITS - POWDER RIVER PRECISION INC

XDM 9/40 DROP IN TRIGGER KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Powder River Precision XD/XDM Drop In Trigger Kit contains their famous striker safety lever, which removes the long trigger pre-travel on XD triggers. The kit includes reduced power; trigger spring, sear spring, striker safety spring, and striker spring. These reduced power springs allow for a lowered pull weight. The PRP Drop in Trigger is constructed of lightweight polymer that assists in speeding up trigger reset. It also has an integral over travel stop on the back of the trigger. This integral stop removes added stress on the trigger bar that is present with other over travel stop methods. When installed, this kit provides a short, crisp trigger pull (3.5-4.5lbs) with a fast reset and shortened overall trigger pull length. Available for all XD/XDM except for the 45 XD with thumb safety. The XDM model has received the American Pistolsmith Guild Seal of Approval.

Attributes

- Name: [POWDER RIVER PRECISION INC XDM 9/40 DROP IN TRIGGER KIT](#)
- Manufacturer: [POWDER RIVER PRECISION INC](#)
- Product no.: 100013388

XD/XDM Drop In Trigger Kit Safety Instructions

Introduction

Thank you for choosing the Powder River Precision XD/XDM Drop In Trigger Kit. This guide provides essential safety instructions and information to ensure the safe and effective use of your new trigger kit. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure that the firearm is unloaded before beginning any installation or maintenance work.
- Always handle firearms with care and respect, following all applicable laws and regulations.
- Store the trigger kit and all related components in a safe place, out of reach of children and unauthorized users.
- Avoid using the trigger kit if you notice any damage or irregularities in its components.
- Regularly inspect the trigger kit for wear and tear, and replace components as necessary.
- Follow all manufacturer instructions and guidelines for your firearm to ensure compatibility and safety.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the trigger kit only with compatible models as specified in the product details.
- Do not install the trigger kit on the XD .45 model with thumb safety, as it is not designed for this configuration.
- Ensure that all components are securely installed before operating the firearm.
- Be aware of the reduced pull weight (3.54.5lbs) and adjust your handling accordingly.
- Avoid using the firearm in a manner that could cause undue stress on the trigger mechanism.
- If you are unsure about the installation or operation of the trigger kit, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

Installation Steps

1. **Preparation:** Ensure the firearm is unloaded and placed in a safe working area.
2. **Disassemble the Firearm:** Follow the manufacturer's instructions to disassemble the firearm to access the trigger assembly.
3. **Remove the Old Trigger Components:**
 - Carefully remove the existing trigger spring, sear spring, striker safety spring, and striker spring.
4. **Install the New Trigger Components:**
 - Install the reduced power trigger spring, sear spring, striker safety spring, and striker spring from the trigger kit.
 - Ensure all components are seated correctly and securely.
5. **Reassemble the Firearm:** Follow the manufacturer's instructions to reassemble the firearm.
6. **Function Check:**
 - Conduct a function check to ensure the trigger operates correctly and safely.
 - Verify that the trigger reset is functioning as intended.

Usage Guidelines

- Always maintain proper firearm safety practices when using your firearm with the new trigger kit.
- Familiarize yourself with the new trigger pull weight and reset characteristics before using the firearm in a live scenario.
- Practice dry firing in a safe environment to become accustomed to the new trigger feel.

Disposal Instructions

- Dispose of any old components from the trigger assembly in accordance with local regulations.
- Ensure that all packaging materials are disposed of responsibly and in compliance with recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Powder River Precision XD/XDM Drop In Trigger Kit, please refer to the manufacturer's website or contact their customer support. Always ensure you have the latest information about safety recalls or product updates.

Thank you for prioritizing safety and responsible firearm handling. Enjoy your enhanced shooting experience with the XD/XDM Drop In Trigger Kit.
