Configure The Exact Sling You Want - Change It Any Time You Want

All new for 2014, the MS1 Sling System takes the Magpul multi-mission sling concept to new levels of function, capability, and modularity. The entire system is based on the MS1, a dedicated two-point sling built around our innovative new slider, which provides rapid sling adjustments without the tails, loops, or bulk of other solutions. Even while wearing gloves, the new slider is faster, easier, and lower profile than previous slings, but your sling setting stays put, even under load. The MS1 comes without connecting hardware so you can choose what you need for your specific application. Magpul Paraclips and push-button QDs are available individually to complement our selection of sling attachment points. For the option to convert to one-point use, simply add the appropriate one-point adapter that works with your choice of hardware. Melonite™ and manganese phosphate finished steel with custom snag-free high durability 1-1/4" webbing. Made in U.S.A. Available in Black, Coyote and Ranger Green.

Attributes

- Name: [MAGPUL MS1 TWO-POINT RIFLE SLING BLACK](#)

MS1 MultiMission Sling Safety Instructions

Introduction

Thank you for choosing the MS1 MultiMission Sling by Magpul. This safety instruction guide is designed to help you understand the safe use, installation, and disposal of your sling. Please read this guide carefully to ensure proper use and safety.

General Safety Guidelines

- Always inspect the sling for wear or damage before each use.
- Ensure that all hardware connections are secure before use.
- Use the sling only for its intended purpose as specified by the manufacturer.
- Keep the sling away from heat sources and sharp objects.
- Store the sling in a cool, dry place when not in use.
- Be cautious when adjusting the sling to avoid pinching fingers or other body parts.
- Ensure that the sling is not tangled or twisted during use to prevent accidents.
- Always follow local laws and regulations regarding the use of slings and firearms.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is not intended for use by individuals under the age of 18 without adult supervision.
- **Vulnerable Groups:** Special care should be taken when the sling is used around children or individuals who may not fully understand its operation.
- **Load Limits:** Do not exceed the recommended load limits for the sling to prevent failure.
- **Environmental Considerations:** Avoid using the sling in extreme weather conditions that may affect its performance.

Instructions for Installation and Usage

1. Installation:

- Choose the appropriate attachment points for your application.
- If using Magpul Paraclips or pushbutton QDs, ensure they are properly attached to the sling and the firearm.
- Adjust the sling length by sliding the new slider mechanism to the desired length.
- Make sure that the slider is secure and does not move unexpectedly.

2. Usage:

- When using the sling, ensure that it is properly adjusted to fit your body and equipment.
- Always test the sling's adjustments before engaging in any activity.
- When transitioning between carrying positions, ensure that the sling remains secure and does not interfere with your movement.
- If converting to onepoint use, attach the appropriate onepoint adapter securely.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the sling in regular household waste if it contains any hazardous materials.

Contact Information for Further Support

For any questions regarding the safety of your MS1 MultiMission Sling or to report unsafe products, please refer to the appropriate authorities or your local consumer safety organization.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy using your MS1 MultiMission Sling responsibly!
