

# S&W SHIELD ACTION ENHANCEMENT TRIGGER & DUTY/CARRY KIT - APEX TACTICAL SPECIALTIES INC S&W SHIELD ACTION ENHNCMNT TRIGGER & DUTY/CARRY KIT-BLACK

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Shield Action Enhancement Trigger Kit directly replaces the factory hinged trigger with a solid aluminum trigger body. The trigger reduces Trigger pre-travel and over-travel by approximately 20%. It features a flat face with a center mounted pivoting safety. The center mounted pivoting safety bar prevents unintended operation by creating a trigger block that will not disengage unless the shooter places their finger directly on the trigger face. The flat, smooth face trigger causes the shooter to place their finger on the center line of the trigger and encourages trigger manipulation directly in line with the bore axis. The Shield Action Enhancement Trigger is perfect for use with the M&P Shield already equipped with the Apex Shield Carry Kit. This kit is a combination of the Shield Duty/Carry Action Enhancement Kit and the Shield Action Enhancement Trigger. The APEX Shield Carry Kit Kit (SCK) was designed to provide the M&P Shield pistol owner a smooth, consistent 5 - 5.5 lb trigger pull with the advantages of shorter over-travel and more detectable trigger reset. All of the components work together to provide a pull weight within the acceptable range for a top end, service pistol. The kit itself is engineered to be drop-in and should not require further gunsmithing.

However, armorer or gunsmith installation of the USB into the Shield slide is strongly recommended\*\*. Fits Smith & Wesson Shield in 9mm and .40 S&W. Parts Included: Fully machined Sear Ultimate Striker Block Kit Ultimate Striker Block Striker Block Spring Talon Tactical tool Shield Carry Spring Set Sear Spring (1/8") Slave Pin (to assist with trigger return spring installation) 4 lb Rated Trigger Return Spring

# S&W SHIELD ACTION ENHANCEMENT TRIGGER & DUTY/CARRY KIT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the S&W Shield Action Enhancement Trigger & Duty/Carry Kit by Apex Tactical Specialties Inc. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of the product. Please read this document carefully before use.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in accordance with EU regulations. Ensure that you follow all safety instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about potential recalls. Regularly check for updates regarding this product to ensure your safety.
- **Online Shopping:** If purchased online, ensure the platform complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals to prevent accidents.
- **EU Contact Point:** For safety inquiries, refer to the EU-based contact point provided by the retailer.
- **Rapid Alerts:** Be aware of the Safety Gate system for quicker updates on unsafe products.

## Specific Safety Precautions for Use

- **Installation:**
  - Installation should be performed by a qualified armorer or gunsmith to ensure proper functionality and safety.
  - Ensure the firearm is unloaded before starting the installation process.
- **Trigger Operation:**
  - Always keep your finger off the trigger until ready to shoot.
  - Be aware that the flat face of the trigger encourages proper finger placement. Always ensure your finger is aligned with the trigger face.
- **Handling:**
  - Treat every firearm as if it is loaded.
  - Always point the firearm in a safe direction.
- **Maintenance:**
  - Regularly check the trigger and its components for wear or damage.
  - Replace any worn or damaged parts immediately.

## Instructions for Installation and Usage

1. **Preparation:**
  - Ensure you have all the parts included in the kit:
    - Fully machined Sear
    - Ultimate Striker Block
    - Striker Block Spring
    - Talon Tactical tool
    - Shield Carry Spring Set
    - Sear Spring (1/8")
    - Slave Pin (for trigger return spring installation)
    - 4 lb Rated Trigger Return Spring

## **2. Installation Steps:**

- Make sure the firearm is unloaded and safe to work on.
- Remove the factory trigger by following the manufacturer's instructions.
- Install the new S&W Shield Action Enhancement Trigger by:
  - Inserting the Ultimate Striker Block and securing it in place.
  - Connecting the appropriate springs and components as per the included instructions.
  - Using the Slave Pin to assist with the trigger return spring installation.
- Ensure all components are properly fitted and secured.

## **3. Testing:**

- After installation, perform a function test to ensure the trigger operates correctly.
- Check for smooth operation and proper reset.
- If any issues arise, consult a qualified gunsmith for assistance.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If you need to dispose of the product, ensure it is done safely and in compliance with applicable laws regarding firearms and firearm components.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the S&W Shield Action Enhancement Trigger & Duty/Carry Kit, please refer to the retailer from whom you purchased the product or consult a qualified gunsmith.

Thank you for your attention to these safety instructions. Your safety and the safety of others is paramount. Enjoy your enhanced shooting experience with the S&W Shield Action Enhancement Trigger & Duty/Carry Kit.
