

10/22® MAGAZINE COUPLER - HIGH TOWER ARMORY 10/22 MAGAZINE COUPLER

[Magazines](#) > [Rifle Magazines](#) > [Magazine Couplers & Holders](#)

For those shooters who prefer to run, or are by law forced to run 10 round magazines in their 10/22®, High Tower Armory developed a rotary Magazine Coupler which gives the user 20 rounds at their finger tips in one compact package. After emptying one magazine, just release, spin, and reinsert the coupler to put 10 more rounds down range. HTA 90/22 users will also appreciate the extra length of coupled factory mags when inserting them in the magwell. The mag coupler does more than just give you faster mag changes and more ammo though, it also hides a 9/64" Allen wrench which will allow you to disassemble the coupler itself, the HTA 90/22, and the factory 10 round mags as well. Simply use a .22 long rifle round or similar object to push the wrench out from the front. Made in the USA. *Ruger 10 round rotary mags not included.

Attributes

- Name: [HIGH TOWER ARMORY 10/22 MAGAZINE COUPLER](#)
- Manufacturer: [HIGH TOWER ARMORY](#)
- Product no.: 100015760

Safety Instruction Guide for the 10/22® Magazine Coupler by High Tower Armory

Introduction

Thank you for choosing the 10/22® Magazine Coupler by High Tower Armory. This product is designed to enhance your shooting experience by allowing for quicker magazine changes and increased ammunition capacity. However, it is essential to use this product safely and responsibly. This guide provides important safety instructions and guidelines to ensure your safety and the safety of others.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the coupler and magazines in a secure location, out of reach of children and unauthorized users.
- Ensure you are familiar with the operation of your firearm and the magazine coupler before use.
- Always wear appropriate eye and ear protection while shooting.
- Be aware of your surroundings and ensure a clear shooting area.
- Follow all local laws and regulations regarding the use and transport of firearms and ammunition.

Specific Safety Precautions for Use

- Do not attempt to modify the magazine coupler or any associated parts.
- Ensure that the coupler is securely attached to the magazines before use.
- Avoid using damaged or worn magazines with the coupler.
- Do not exceed the recommended capacity of the magazines.
- Always check that the magazine and coupler are free of obstructions before loading.
- Be cautious when disassembling the coupler; use the provided Allen wrench carefully to avoid injury.
- Keep fingers away from the trigger until you are ready to shoot.

Instructions for Installation and Usage

Installation

1. Ensure that your firearm is unloaded and that the safety is engaged.
2. Align the magazine coupler with the two 10round magazines.
3. Insert the magazines into the coupler until they click into place securely.
4. Verify that the coupler is securely attached by gently pulling on the magazines.

Usage

- To load the magazines, insert rounds into each magazine as per the manufacturer's instructions.
- Once loaded, insert the coupler into the firearm's magazine well.
- After firing, if one magazine is empty, release the coupler, spin it, and reinsert it to access the second magazine.
- Always ensure that the firearm is pointed in a safe direction when changing magazines.

Disposal Instructions

- Dispose of the magazine coupler in accordance with local regulations.
- If the coupler or magazines are damaged beyond use, do not attempt to repair them. Instead, dispose of them responsibly.
- Consult local waste management guidelines for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 10/22® Magazine Coupler, please contact the manufacturer or visit their official website for more information.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable shooting experience with your 10/22® Magazine Coupler. Remember, safety first!
