

HANDGUN FACTORY CRIMP DIES - LEE PRECISION 22 TCM FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

The Lee Bottle Neck Handgun Factory Crimp Die incorporates a collet to apply a rifle type crimp to the case. Makes these very difficult to crimp cartridges a delight to reload. Bullets do not need a crimp groove, as the collet is so powerful it will form one.

Safety Instructions for HANDGUN FACTORY CRIMP DIES LEE PRECISION 22 TCM FACTORY CRIMP DIE

Introduction

Thank you for choosing the Lee Precision Handgun Factory Crimp Die for your reloading needs. This product is designed to help you achieve a secure crimp on your 22 TCM cartridges, making reloading easier and more efficient. However, it is essential to follow safety guidelines to ensure safe use and prevent accidents.

General Safety Guidelines

- Always read and understand the instructions before using this product.
- Ensure that your workspace is clean, organized, and free from distractions.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep all components away from children and unauthorized individuals.
- Regularly inspect your equipment for signs of wear or damage.
- Store the crimp die in a secure location when not in use.

Specific Safety Precautions for Use

- Only use the crimp die with the designated 22 TCM cartridges.
- Do not attempt to modify or alter the crimp die in any way.
- Ensure the die is properly secured in your reloading press before use.
- Avoid placing fingers or hands near moving parts during operation.
- Always follow the manufacturer's recommended procedures for reloading.
- Be aware of potential hazards such as lead exposure and take necessary precautions.
- In case of malfunction or injury, stop using the product immediately and seek assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is turned off and unplugged.
- Locate the appropriate die holder in your press.
- Carefully screw the Handgun Factory Crimp Die into the die holder until it is securely in place.
- Adjust the die height according to the manufacturer's specifications.

2. Usage:

- Prepare your 22 TCM cartridges according to standard reloading practices.
- Insert the cartridge into the reloading press.
- Engage the press handle to apply the crimp using the crimp die.
- Check the crimp on the cartridge to ensure it is secure and properly formed.
- Repeat the process for each cartridge, maintaining focus and attention throughout.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the crimp die or any reloading components in regular trash.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any safety inquiries or support regarding the use of the Lee Precision Handgun Factory Crimp Die, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Lee Precision Handgun Factory Crimp Die for 22 TCM cartridges. Always prioritize safety and stay informed about best practices in reloading.
