

VICKERS 2-TO-1 RED SWIVEL SLING - BLUE FORCE GEAR VICKERS PADDED 2-TO-1 RED SWIVEL SLING-BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

While 2-point slings are ideal for most situations, there are times, like deploying from a vehicle or fighting in complex structures, when a 1-point sling has a clear advantage. Combining Blue Force Gear's new polymer Burnsed Socket and patented RED Swivel, the Vickers 221 Sling allows users to switch from 2-point to 1-point mode instantly by pulling on the RED Swivel knob and reinserting it in to the Burnsed Socket at the rear of the receiver. The instantaneous adjustability of the sling is still maintained in both 1 and 2 point modes. Constructed similar to the world's standard Vickers Combat Applications Sling™, a RED™ Swivel is sewn to the front of the sling towards the muzzle. A standard push button swivel and new molded Burnsed Socket are woven onto the rear allowing full adjustability of the sling for use with or without body armor. The 221™ Sling fits any weapon with two QD sling swivel sockets with the rear socket towards the end of the receiver. For SCARS, Sigs, HKs, or other weapon systems with eyelets at the rear of the receiver, a Universal Wire Loop with Push Button Socket can be added instead of the included push button socket. Sling Build: 1.25" sling webbing 2.00" tubular webbing with closed cell foam padding for padded models Invista solution dyed CORDURA® webbing ITW GhilleTex™ Acetal hardware - a military grade, low IR plastic RED™ Swivel Build: Machined steel, phosphated for maximum corrosion resistance Nylon coated, double crimped directly to 7 strand stainless steel aircraft cable Textured spherico-conical shaped pull knob Stainless Steel internals

VICKERS 2TO1 RED SWIVEL SLING SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the VICKERS 2TO1 Red Swivel Sling by Blue Force Gear. This safety instruction guide is designed to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read and follow these instructions carefully to maximize safety and effectiveness.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the sling by following all instructions and guidelines provided.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. If a recall occurs, you will be provided with remedies at no cost.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements to guarantee the product's safety.
- **Special Consumer Focus:** Extra care should be taken when the product is used by or around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Age Restrictions:** This sling is not intended for use by children. Ensure that it is used only by adults or under adult supervision.
- **Inspect Before Use:** Always inspect the sling for any signs of wear, damage, or defects before each use. Do not use if any issues are detected.
- **Proper Attachment:** Ensure the sling is securely attached to your weapon before use. Doublecheck all connections.
- **Avoid Overloading:** Do not exceed the weight limit specified by the manufacturer. Overloading may lead to failure of the sling.
- **Use in Safe Environments:** Avoid using the sling in environments where it may become entangled or caught on objects.
- **Training:** Familiarize yourself with the operation of the sling. Consider training or practice to ensure safe handling.

Instructions for Installation and Usage

1. Installation:

- Locate the QD sling swivel sockets on your weapon.
- Attach the front of the sling to the front swivel socket.
- Attach the rear of the sling to the rear swivel socket.
- Ensure that both attachments are secure.

2. Switching Between Modes:

- To switch from 2point to 1point mode, pull on the RED Swivel knob.
- Reinserting the knob into the Burnsed Socket at the rear of the receiver allows for instant mode switching.

3. Adjustability:

- Use the Acetal triglides on the sling for overall length adjustability.
- Adjust the sling to fit comfortably and securely.

4. **Maintenance:**

- Clean the sling regularly to remove dirt and debris.
- Inspect hardware for corrosion or damage and replace if necessary.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the sling and its components in accordance with local regulations.
- **Recycling:** Where possible, recycle materials to minimize environmental impact.

Contact Information for Further Support

For any further support or inquiries regarding safety, please refer to the designated EU contact point or the retailer from whom the product was purchased.

By following these guidelines and instructions, you can ensure the safe and effective use of the VICKERS 2TO1 Red Swivel Sling. Thank you for prioritizing safety and compliance.
