Safety Instruction Guide for MCR Bolt Rehab Kit

Introduction

Thank you for choosing the Fightlite Industries MCR Bolt Rehab Kit. This kit is designed to provide essential components for the maintenance and rehabilitation of your firearm. It is important to follow the safety guidelines and instructions provided in this document to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle firearms with care and in accordance with local laws and regulations.
- Ensure that the MCR Bolt Rehab Kit is used only by individuals who are trained and knowledgeable in firearm maintenance.
- Keep the kit out of reach of children and unauthorized users.
- Inspect all components of the kit before use to ensure they are in good condition and free from defects.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use protective eyewear when working with firearm components to prevent injury from small parts or debris.
- Ensure that the firearm is unloaded and the chamber is clear before beginning any maintenance or installation.
- Avoid working on the firearm in a cluttered or distracting environment.
- Follow all manufacturer instructions for the firearm when using components from the MCR Bolt Rehab Kit.
- Do not attempt to modify or alter any components of the kit, as this may compromise safety and functionality.

Instructions for Installation and Usage

1. Extractor (1):

- Remove the old extractor from the firearm.
- Install the new extractor by aligning it with the extractor pin hole.
- Secure it in place with the extractor pin.

2. Extractor Pin (1):

- Use the extractor pin to secure the extractor in place.
- Ensure it is fully seated to prevent movement.

3. ORing (1):

- Replace the ORing if it is worn or damaged.
- Ensure a proper seal to prevent gas leakage.

4. Firing Pin (1):

- Remove the old firing pin from the firearm.
- Install the new firing pin by aligning it with the firing pin hole.
- Ensure it is fully seated.

5. Firing Pin Retaining Pin (1):

- Use the firing pin retaining pin to secure the firing pin in place.

- Check that it is properly seated.

6. Cam Pin (1):

- Replace the cam pin if it is worn or damaged.
- Ensure it is properly aligned and secured.

7. Ejector (1):

- Remove the old ejector from the firearm.
- Install the new ejector by aligning it with the ejector pin hole.
- Secure it in place with the ejector pin.

8. Ejector Spring (1):

- Replace the ejector spring if it is worn or damaged.
- Ensure it is properly seated to allow for correct function.

Disposal Instructions

- Dispose of any damaged or defective components in accordance with local regulations.
- Do not throw away components in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's website or customer service resources.

By following these safety instructions, you can ensure a safe and effective experience with the Fightlite Industries MCR Bolt Rehab Kit. Thank you for prioritizing safety in your firearm maintenance practices.
