

TSR-W PICATINNY/WEAVER SCOPE RINGS - TPS PRODUCTS TSR-W STEEL RINGS 35MM MEDIUM

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

TSR "W" Series Rings, precisely machined from an alloy steel billet, with tolerances held to .0002", give maximum scope/ring contact. Holds scope securely against recoil. Four-screw cap lets you align the reticle, tighten the left side of the cap, then the right side without the scope rotating. Radiused edges and corners help prevent snagging while providing attractive appearance. Large, clamp-nut lets you torque rings to Weaver-style or Mil-STD 1913 (Picatinny) bases.

TSRW Picatinny/Weaver Scope Rings Safety Instruction Guide

Introduction

Thank you for purchasing the TSRW Picatinny/Weaver Scope Rings by TPS Products. These rings are designed to provide a secure and reliable mounting solution for your scopes. This safety instruction guide aims to ensure your safe and effective use of the product while complying with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure that the scope rings are compatible with your scope and firearm. Improper use may lead to accidents or equipment failure.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If a recall occurs, follow the instructions provided by the manufacturer.
- **Online Shopping:** When purchasing online, ensure that you buy from reputable retailers that comply with safety standards.
- **Special Consumer Focus:** Keep this product out of reach of children. It is not intended for use by individuals under the age of 18 without adult supervision.
- **EU Contact Point:** For any safety inquiries, please refer to the manufacturer's contact information provided with your product packaging.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- Always inspect the scope rings for any signs of damage before installation.
- Ensure that the rings are securely tightened to prevent the scope from shifting during use.
- Do not exceed the recommended torque settings when tightening the rings.
- Be cautious when handling tools during installation to avoid personal injury.
- Avoid using the scope rings in extreme conditions that may compromise their integrity.
- Keep the rings clean and free from dirt or debris that may affect their performance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that your firearm is unloaded and pointed in a safe direction.

2. Installation Steps:

- Place the base of the scope rings onto the Picatinny or Weaver rail.
- Align the rings with the scope and ensure they are positioned correctly.
- Insert the screws into the clampnuts of the rings.
- Using a torque wrench, tighten the screws to the manufacturer's recommended torque settings. Do not overtighten.
- Once the rings are secure, place the scope into the rings and adjust its position as needed.
- Tighten the fourscrew cap, first on the left side, then on the right side, ensuring the reticle remains aligned.

3. Usage:

- Regularly check the tightness of the scope rings, especially after heavy use or transportation.
- Avoid dropping or impacting the scope or rings, as this may cause misalignment or damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and waste disposal.
- Do not dispose of the product in household waste.
- Consider recycling the materials if possible.

Contact Information for Further Support

For any questions or concerns regarding the TSRW Picatinny/Weaver Scope Rings, please refer to the manufacturer's contact information included with your product packaging.

By following these safety instructions, you can ensure the safe and effective use of your TSRW Picatinny/Weaver Scope Rings. Thank you for choosing TPS Products.
