

# **SINGLE ACTION OUTDOORSMAN HOLSTERS - GALCO INTERNATIONAL SINGLE ACTION OUTDOORSMAN RUGER® BLACKHAWK® 4 5/8" -TAN-LH**

[Home](#)

The Single Action Outdoorsman holster is great for field carry whether hunting or for peace of mind in bear country. The SAO™ can be worn strong side or crossdraw at the user's discretion. The holster employs a retention strap for simplicity and security in the brush. Tension screw adjustments allow for a custom fit to your revolver. Constructed of premium saddle leather, the SAO fits belts up to 1 3/4". Made for single-action revolvers, the Single Action Outdoorsman is available in right and left hand designs in tan.

# Safety Instructions for the Single Action Outdoorsman Holster

## Introduction

Thank you for choosing the Single Action Outdoorsman Holster by Galco International. This guide provides essential safety instructions to ensure the safe use of your holster. Please read and follow these guidelines carefully to maximize your safety and the performance of your holster.

## General Safety Guidelines

- Always ensure that your firearm is unloaded when inserting or removing it from the holster.
- Store the holster in a safe location, away from children and unauthorized users.
- Regularly inspect the holster for wear and tear. Replace it if you notice any damage.
- Ensure that the retention strap is secure before carrying your firearm to prevent accidental discharge.
- Be aware of your surroundings when carrying your firearm in the holster, especially in crowded or public areas.
- Follow all local laws and regulations regarding the carrying of firearms.

## Specific Safety Precautions for Use

- **Retention Strap:** Always check that the retention strap is properly secured before use. This is crucial for preventing accidental discharges.
- **Fitting:** Adjust the tension screw to ensure a snug fit for your specific revolver model. A loose fit can lead to the firearm slipping out of the holster.
- **Carrying Position:** Choose a carrying position (strong side or crossdraw) that you are comfortable with and that allows for quick access while maintaining safety.
- **Belt Compatibility:** Ensure that your belt is compatible with the holster, capable of supporting the weight of the firearm and holster without sagging.
- **Training:** Consider undergoing training to familiarize yourself with safe firearm handling and holster use.

## Instructions for Installation and Usage

### 1. Holster Fitting:

- Insert your unloaded revolver into the holster.
- Adjust the tension screw until the revolver fits snugly but can still be drawn easily.

### 2. Wearing the Holster:

- Thread your belt through the holster's belt slots.
- Position the holster at your desired carrying side (strong side or crossdraw).
- Ensure the holster is securely attached to your belt and does not shift during movement.

### 3. Using the Retention Strap:

- To draw your firearm, release the retention strap by pulling it away from the holster.
- Practice drawing your firearm safely and efficiently while ensuring the retention strap is secure when not in use.

### 4. Maintenance:

- Regularly clean the holster with a damp cloth to remove dirt and debris.

- Store the holster in a cool, dry place when not in use.

## **Disposal Instructions**

- When disposing of the holster, ensure it is done in an environmentally friendly manner.
- Check local regulations for guidance on the disposal of leather products.
- If the holster is damaged beyond repair, consider recycling the leather if possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the Single Action Outdoorsman Holster, please refer to the product packaging for the manufacturer's contact information. You can also check for recall updates on the EU's Safety Gate platform.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Single Action Outdoorsman Holster. Stay safe and responsible in your firearm handling.
