Carrying a large-frame revolver or auto in an easily-accessible crossdraw torso position, the Great Alaskan is ideal for protection when hunting, fishing, camping or hiking in bear country. Constructed of premium steerhide, the holster component is fully lined with smooth leather. In a departure from common construction methods, the harness is also made of extremely durable premium steerhide. The harness pivots at the holster attachment points for comfort, while its 2" width at the shoulder distributes weight extremely effectively. A Fastex®-type buckle facilitates quick donning and removal of the holster system.
