[Home](#)

A key component of this shoulder system is its spider harness. All four points of the spider harness pivot independently and are connected by our unique clover shaped Flexalon™ swivel back plate, which is a Galco trademark. This results in a perfect fit and lasting comfort for all sizes and shapes. The Miami Classic II's harness straps are 1 1/2" at their widest point, distributing weight while also remaining concealable. This Miami Classic II is constructed of premium saddle leather and includes holster, harness, ammo carrier and a set of system screws. The Miami Classic II is fully modular. Harness fits chests to 52".
