

EVO ELITE CONNECTOR - GHOST EVO ELITE CONNECTOR

[Handgun Parts](#) > [Trigger Group Parts](#) > [Connector Parts](#)

HIT FIRST & FAST WITH THE EVO ELITE The GHOST EVO ELITE is the best self-defense trigger control connector we have ever made! This does not fit the 42 or 43. The EVO ELITE is Smoother, Lighter, Shorter and eliminates trigger Over-travel! These attributes give you the fastest most accurate first shot hit advantage of any self-defense Glock style trigger. The EVO ELITE fixes the Glock bump or glitch, this is the pre-travel resistance you feel and must overcome when the trigger bar bumps into the connector. This bump causes you to apply excessive force and will move the pistol off target. Another thing the EVO ELITE corrects is trigger over-travel; the excessive movement of the trigger after the pistol fires. Over-travel causes the pistol to move off of alignment with the target, making your shot go low and to one side. EVO ELITE KEEPS YOU ON TARGET The EVO ELITE is the best self-defense connector made and by changing a few springs you can also have the best sport trigger connector! We believe that this trigger control connector makes all others obsolete. Once you try it, we know you will agree! Minor fitting required.

Attributes

EVO ELITE CONNECTOR GHOST Safety Instruction Guide

Introduction

Thank you for choosing the EVO ELITE CONNECTOR GHOST. This product is designed to enhance your selfdefense capabilities by providing superior trigger control. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Store firearms and ammunition in a secure location, away from unauthorized persons.
- Ensure that you are familiar with local laws regarding firearm modifications.
- Regularly inspect your firearm and any accessories for wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the EVO ELITE connector is compatible with your firearm model.
- Minor fitting may be required; if unsure, consult a qualified gunsmith.
- Use only recommended springs for the best performance and safety.
- Avoid using excessive force during installation or operation.
- If you experience any unusual resistance or malfunction, cease use immediately and inspect the product.
- Keep the product away from children and vulnerable individuals.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing connector according to the manufacturer's instructions.
- Install the EVO ELITE connector by following these steps:
 - Align the connector with the trigger bar.
 - Gently press the connector into place until it is secure.
 - Reassemble the firearm and ensure all parts are functioning correctly.
- Test the trigger operation in a safe environment before regular use.

2. Usage

- Practice proper trigger control techniques to maximize the benefits of the EVO ELITE connector.
- Familiarize yourself with the feel of the connector during dry fire practice.
- Regularly assess your shooting technique and make adjustments as needed.

Disposal Instructions

- Dispose of the EVO ELITE connector in accordance with local regulations for electronic waste.
- Ensure that all firearm components are disposed of safely to prevent unauthorized use.

Contact Information for Further Support

For any inquiries or support regarding the EVO ELITE CONNECTOR GHOST, please refer to the manufacturer's contact information included with your product packaging.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy using your EVO ELITE CONNECTOR GHOST responsibly.
