The GSR-03 adds subtle, but tractable serrated wings at the slide's end, to guarantee a positive cycling of ammunition into the weapon. No matter how adverse the conditions, or how tough the fight, you can always rely on the GSR-03 to keep your weapon up and running. Even if you're down to one hand, cycling the slide against your belt, holster or heel is quick and positive. Small or arthritic hands will find it much easier to use than the traditional 'slingshot' method. The GSR-03 is big enough to offer advantage, yet small enough to be unnoticeable in concealed carry holsters. The GSR-03 is a top quality drop-in part, requiring no other modifications to the firearm. Injection molded of glass-reinforced nylon with stainless steel reinforcement just like the OEM part, it replaces the striker retention plate in minutes. Once in place, the GSR-03 offers easy, effortless and positive slide cycling under any condition. Tough, stainless steel & injection molded glass reinforced nylon construction

# VICKERS TACTICAL SLIDE RACKER Safety Instruction Guide

## Introduction

Thank you for choosing the Vickers Tactical Slide Racker for your Glock model (48, 43, 43X). This guide provides important safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using the slide racker.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the slide racker and firearm out of reach of children and unauthorized users.
- Inspect the slide racker for any damage before use. Do not use if it is damaged.
- Follow all local laws and regulations regarding firearm accessories and usage.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not use the slide racker if you are under the influence of drugs or alcohol.
- Avoid using the slide racker in wet or slippery conditions to prevent accidents.
- Use the slide racker only as intended. Do not modify or alter the product.
- If you experience difficulty using the slide racker, seek assistance or consult a professional.
- Always wear appropriate eye protection when handling firearms.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Firearm:** Ensure your Glock is unloaded. Remove the magazine and check the chamber.
2. **Remove the Striker Retention Plate:** Carefully remove the existing striker retention plate from your Glock.
3. **Install the GSR03:** Insert the GSR03 into the same slot where the striker retention plate was located. Ensure it is securely in place.
4. **Check Functionality:** After installation, check the slide operation to ensure it cycles smoothly.

### Usage

- To cycle the slide using the GSR03, grip the slide racker firmly with your hand.
- Position the firearm against your belt, holster, or heel if using one hand.
- Pull the slide back firmly and release to chamber a round.
- Practice using the slide racker in a safe environment to become familiar with its operation.

## Disposal Instructions

- Dispose of the slide racker responsibly. Do not throw it in regular household waste.
- Check local regulations for proper disposal methods of firearm accessories.
- If the product is damaged, consider contacting a professional for safe disposal.
