

SEMI DROP-IN THREADED BARREL FOR S&W M&P - APEX TACTICAL SPECIALTIES INC SEMI DROP-IN THREADED BARREL FOR S&W M&P 5"

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

The Apex Grade Semi Drop-In Threaded Barrel for the Smith & Wesson M&P is available in either a 5.00" or 4.25" option. The stainless steel barrel features a 1:10" twist rate. The design increases accuracy performance making the M&P capable of shooting as small as a 1-1/2 inch grouping at 25 yards. Accuracy test results based on using a mechanical rest. Final results may vary based on shooter ability, ammunition selection and variations in factory firearm tolerances. Barrel is threaded for 1/2-28", and includes a thread protector. Works with all Smith & Wesson 9mm M&P pistols requiring a 5.00" or 4.25" barrel.

Safety Instruction Guide for SEMI DROPIN THREADED BARREL FOR S&W M&P

Introduction

Thank you for choosing the Apex Grade Semi DropIn Threaded Barrel for your Smith & Wesson M&P. This guide provides essential safety instructions to ensure the safe and effective use of your new barrel. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation and handling of firearms before using this product.
- Always treat firearms as if they are loaded, even if you believe they are not.
- Keep firearms out of reach of children and unauthorized users.
- Use only the recommended ammunition for your firearm to avoid malfunctions or accidents.
- Regularly inspect your firearm and the barrel for any signs of damage or wear.
- Follow all local laws and regulations regarding firearm usage and modifications.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the barrel.
- Do not attempt to modify the barrel or firearm beyond the manufacturer's specifications.
- Always wear appropriate eye and ear protection when using firearms.
- Be aware of your surroundings and ensure a safe shooting environment.
- If you experience any malfunctions or abnormalities while using the firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Carefully install the Apex Grade Semi DropIn Threaded Barrel by following these steps:
 - Align the barrel with the slide and ensure it fits snugly.
 - Secure the barrel in place as per the manufacturer's specifications.
 - Ensure the barrel is threaded properly for 1/228" attachments.
- Reassemble the firearm and perform a function check to ensure proper operation.

2. Usage:

- Before each use, inspect the barrel and firearm for any signs of wear or damage.
- Use the firearm in a controlled environment, following all safety protocols.
- After firing, clean the barrel and firearm according to the manufacturer's guidelines to maintain performance.

Disposal Instructions

- Dispose of the barrel and any related components in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Consult local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Apex Grade Semi DropIn Threaded Barrel, please refer to the manufacturer's contact information provided with your product or visit their official website for additional resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Apex Grade Semi DropIn Threaded Barrel for the Smith & Wesson M&P. Always prioritize safety and responsible firearm handling.
