

S&W SHIELD ACTION ENHANCEMENT TRIGGER & DUTY/CARRY KIT - APEX TACTICAL SPECIALTIES INC S&W SHIELD ACTION ENHNCMNT TRIGGER & DUTY/CARRY KIT-PURPLE

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Shield Action Enhancement Trigger Kit directly replaces the factory hinged trigger with a solid aluminum trigger body. The trigger reduces Trigger pre-travel and over-travel by approximately 20%. It features a flat face with a center mounted pivoting safety. The center mounted pivoting safety bar prevents unintended operation by creating a trigger block that will not disengage unless the shooter places their finger directly on the trigger face. The flat, smooth face trigger causes the shooter to place their finger on the center line of the trigger and encourages trigger manipulation directly in line with the bore axis. The Shield Action Enhancement Trigger is perfect for use with the M&P Shield already equipped with the Apex Shield Carry Kit. This kit is a combination of the Shield Duty/Carry Action Enhancement Kit and the Shield Action Enhancement Trigger. The APEX Shield Carry Kit Kit (SCK) was designed to provide the M&P Shield pistol owner a smooth, consistent 5 - 5.5 lb trigger pull with the advantages of shorter over-travel and more detectable trigger reset. All of the components work together to provide a pull weight within the acceptable range for a top end, service pistol. The kit itself is engineered to be drop-in and should not require further gunsmithing.

However, armorer or gunsmith installation of the USB into the Shield slide is strongly recommended**. Fits Smith & Wesson Shield in 9mm and .40 S&W. Parts Included: Fully machined Sear Ultimate Striker Block Kit Ultimate Striker Block Striker Block Spring Talon Tactical tool Shield Carry Spring Set Sear Spring (1/8") Slave Pin (to assist with trigger return spring installation) 4 lb Rated Trigger Return Spring

Safety Instruction Guide for S&W SHIELD ACTION ENHANCEMENT TRIGGER & DUTY/CARRY KIT

Introduction

Thank you for choosing the S&W Shield Action Enhancement Trigger & Duty/Carry Kit by Apex Tactical Specialties Inc. This guide provides important safety information, installation instructions, and usage guidelines to ensure safe and effective operation of your product. Please read this guide thoroughly before use.

General Safety Guidelines

- **Product Safety:** This product is designed to enhance the performance of your Smith & Wesson M&P Shield pistol. It is crucial to follow all safety instructions to prevent accidents and ensure safe usage.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. In case of a recall, you may be entitled to free remedies.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Store it in a safe place away from their access.
- **EU Contact Point:** For any safety inquiries, consult your local EU consumer protection agency.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- **Installation Warnings:**
 - It is strongly recommended that an armorer or qualified gunsmith install the USB into the Shield slide to avoid potential hazards.
- **Trigger Safety:**
 - Always keep your finger off the trigger until you are ready to shoot.
 - Ensure the safety mechanism is functioning properly before use.
- **Handling:**
 - Treat all firearms as if they are loaded. Always be aware of your surroundings.
 - Use the product in a safe environment and follow all local laws regarding firearm use.
- **Maintenance:**
 - Regularly inspect the trigger and its components for wear or damage.
 - Replace any damaged parts immediately to maintain safety.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:**
 - Ensure the firearm is unloaded and pointed in a safe direction.
 - Gather all necessary tools and components included in the kit.
2. **Remove the Factory Trigger:**
 - Follow the manufacturer's instructions to safely remove the factory trigger from the M&P Shield.
3. **Install the Shield Action Enhancement Trigger:**
 - Insert the fully machined sear and striker block as per the kit instructions.
 - Ensure all components are securely in place and functioning correctly.
4. **Reassembly:**

- Reassemble the firearm according to the manufacturer's guidelines.
- Doublecheck that all parts are installed correctly and securely.

5. **Test the Trigger:**

- Conduct a function check to ensure the trigger operates correctly before live firing.

Usage Instructions

- **Trigger Pull:** The kit is designed to provide a smooth, consistent 5.5 lb trigger pull. Familiarize yourself with the trigger feel before live firing.
- **Shooting Practice:** Always practice in a controlled environment, following all safety protocols.
- **Storage:** Store your firearm in a secure location, ensuring it is inaccessible to unauthorized users.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- For the disposal of the product itself, follow local laws regarding the disposal of firearms and firearm components. Always ensure that the item is rendered inoperable before disposal.

Contact Information for Further Support

For any additional questions or concerns regarding the S&W Shield Action Enhancement Trigger & Duty/Carry Kit, please consult your local firearms expert or reach out to the retailer from whom you purchased the product.
