

RUGER 10/22 TAKEDOWN HUNTER X-22 BACKPACKER OPTIC MOUNT - MAGPUL HUNTER X-22 BACKPACKER OPTIC MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

The Magpul Hunter X-22 Backpacker Optic Mount offers a solid, repeatable optic mounting platform when used with the X-22 Backpacker Stock. The barrel mounted design helps to retain zero between takedown and assembly of the Ruger 10/22 Takedown rifle. Barrel mounted aluminum optic rail for Ruger 10/22 Takedown Replaces factory takedown barrel block Relief in rail allows use of factory iron sights Intended for use with small red dot sights If you're a hunter or outdoorsman looking for the ultimate lightweight package for the Ruger 10/22 Takedown, look no further than the X-22 Backpacker Stock and X-22 Optic Mount.

RUGER 10/22 Takedown Hunter X22 Backpacker Optic Mount Safety Instructions

Introduction

Thank you for choosing the RUGER 10/22 Takedown Hunter X22 Backpacker Optic Mount by Magpul. This product is designed to enhance your shooting experience by providing a solid and repeatable optic mounting platform. Please read this safety instruction guide carefully to ensure safe and effective use of the optic mount.

General Safety Guidelines

- Always ensure that the firearm is unloaded before attaching or detaching the optic mount.
- Store the optic mount and firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the optic mount for damage or wear. Do not use if any parts are damaged.
- Follow all local laws and regulations regarding firearm use and optic mounting.
- Be aware of your surroundings and ensure a safe shooting environment when using the firearm with the optic mount.

Specific Safety Precautions for Use

- Ensure that the optic mount is compatible with the Ruger 10/22 Takedown rifle before installation.
- Use only small red dot sights as recommended for this optic mount.
- Avoid placing excessive force on the optic mount during installation to prevent damage.
- Always check that the optic is securely mounted before use to prevent it from becoming loose during operation.
- Be cautious when handling the firearm, especially when the optic mount is attached, to avoid accidental discharge.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a screwdriver and any specific tools recommended by the optic sight manufacturer.
- Ensure that the Ruger 10/22 Takedown rifle is unloaded and pointed in a safe direction.

2. Installation Steps

- Remove the factory takedown barrel block from the Ruger 10/22 Takedown rifle.
- Align the barrelmounted aluminum optic rail with the mounting points on the barrel.
- Secure the optic rail in place using the provided screws, ensuring they are tightened but not overtorqued.
- Attach the small red dot sight to the optic rail according to the manufacturer's instructions.

3. Usage

- Once installed, check the alignment of the optic to ensure it is level and properly sighted.
- When taking down the rifle, ensure that the optic mount retains zero by following the manufacturer's guidelines.
- After reassembling the rifle, doublecheck the optic's alignment and secure fit before using the firearm.

Disposal Instructions

- Dispose of the optic mount and any packaging materials in accordance with local waste disposal regulations.
- If the optic mount is damaged beyond repair, consider recycling the aluminum parts if possible.
- Ensure that any disposed items do not pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the RUGER 10/22 Takedown Hunter X22 Backpacker Optic Mount, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your RUGER 10/22 Takedown Hunter X22 Backpacker Optic Mount. Always prioritize safety and responsible firearm handling.
