Protects Fine Muzzle Threads From Damage

APEX GRADE THREAD PROTECTOR Apex Tactical's Grade Thread Protector prevents unwanted and costly damage to your barrel's muzzle threads when a compensator or sound suppressor is not installed. Also gives your pistol a neat, finished look when the muzzle device is absent. Included with the Apex Tactical Grade Thread Protector is a rubber O-ring that provides an extra layer of protection for the muzzle crown while keeping the thread protector from working loose. Features: Fits any ½"-28 threads Stainless steel, natural finish, matches Apex barrels Same protector that comes with Apex Grade threaded barrels Use on other brand barrels as well 1 Thread Protector per package The Apex Tactical Grade Thread Protector's knurled exterior gives you a firm grasping surface for easily tightening or loosening the protector on your barrel.

APEX GRADE THREAD PROTECTOR Safety Instruction Guide

Introduction

Thank you for choosing the APEX GRADE THREAD PROTECTOR from APEX TACTICAL SPECIALTIES INC. This product is designed to protect the muzzle threads of your barrel when a compensator or sound suppressor is not in use. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage.
- Follow all local laws and regulations regarding the use of firearms and accessories.
- Report any unsafe conditions or incidents involving the product to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or removing the thread protector.
- Do not use the thread protector if it shows signs of damage or wear.
- Avoid overtightening the thread protector, as this may damage the threads on your barrel.
- Use the rubber Oring included with the thread protector to enhance fit and prevent loosening during use.
- Be cautious when handling the thread protector to avoid injury from sharp edges.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is completely unloaded.
- Gather the necessary tools, such as a wrench or pliers, if needed.

2. Installation

- Align the APEX GRADE THREAD PROTECTOR with the muzzle threads of your barrel.
- Gently screw the protector onto the threads in a clockwise direction.
- Handtighten the protector until it is snug. If necessary, use a wrench or pliers for additional grip, but do not overtighten.

3. Usage

- The thread protector can remain on the barrel when not using a compensator or sound suppressor.
- Check the tightness of the protector periodically to ensure it remains secure.

4. Removal

- To remove the thread protector, turn it counterclockwise until it is free from the threads.
- Inspect both the thread protector and the barrel threads for any signs of damage after removal.

Disposal Instructions

- Dispose of the APEX GRADE THREAD PROTECTOR in accordance with local regulations for metal waste.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the APEX GRADE THREAD PROTECTOR, please consult your retailer or visit the APEX TACTICAL SPECIALTIES INC website for further assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority.
