

AIR GUN TRIGGER ADAPTER

[Shooting Accessories](#) > [Range Gear](#) > [Chronographs](#)

Ideal for Airguns, Rimfire Calibers and Suppressed Firearms

The LabRadar Air Gun Trigger Adapter works with the company's Doppler Chronograph by modifying the system's setup in order to accurately record air-pellet velocities. The system comes set up to trigger through muzzle blast, which is non-existent on air guns. Designed for use with LabRadar Doppler Chronograph only Modifies trigger for chronograph use Designed for use with pneumatic guns The LabRadar Air Gun Trigger Adapter is also a valuable tool for use with rimfire calibers and suppressor-equipped firearms that may produce insignificant muzzle blasts.

LABRADAR AIR GUN TRIGGER ADAPTER Safety Instruction Guide

Introduction

Thank you for choosing the LabRadar Air Gun Trigger Adapter. This product is designed to enhance the functionality of the LabRadar Doppler Chronograph, allowing for accurate recording of airpellet velocities. It is important to read and understand this safety instruction guide to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the LabRadar Air Gun Trigger Adapter is used only with the LabRadar Doppler Chronograph.
- Always follow the manufacturer's instructions for both the adapter and the chronograph.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the adapter for any signs of damage or wear before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use the adapter with firearms that are not compatible with the LabRadar Doppler Chronograph.
- Avoid using the adapter in environments where the air gun may be misused or where there are bystanders.
- Always wear appropriate eye and ear protection when using air guns.
- Ensure that the area is clear of obstructions and bystanders before operating the air gun.
- Be aware of the potential for ricochets and ensure a safe backstop is in place.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the LabRadar Doppler Chronograph is powered off before installation.
2. **Attach the Adapter:**
 - Locate the trigger mechanism on the LabRadar Doppler Chronograph.
 - Carefully attach the LabRadar Air Gun Trigger Adapter, ensuring it is securely fitted.
3. **Check Connection:** Confirm that the adapter is properly connected and that there are no loose parts.

Usage

1. **Power On:** Turn on the LabRadar Doppler Chronograph.
2. **Set Up:** Follow the manufacturer's instructions to set up the chronograph for air gun use.
3. **Test the System:** Before conducting actual measurements, test the system to ensure that the adapter is functioning correctly.
4. **Record Data:** Use the chronograph to record airpellet velocities as per the manufacturer's guidelines.

Disposal Instructions

- Dispose of the LabRadar Air Gun Trigger Adapter in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged or no longer in use, consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the LabRadar Air Gun Trigger Adapter, please refer to the

manufacturer's website or contact their customer support for assistance.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and enjoyable experience with your LabRadar Air Gun Trigger Adapter.
