## Shortens Pull & Reset for More Comfortable, Accurate Shooting

Designed for use in the factory upgraded models of the Sig Sauer P320, the Apex patented Forward Set Trigger Bar significantly reduces trigger travel. It works with the factory trigger but can also be paired with the Apex triggers for the P320. When properly installed, this trigger bar will: Reduce trigger travel approx. 20% Reduce reset In X-Series models, does not reduce pull weight but does reduce overall travel 20% Maintain factory drop safety values Note: Due to the changes in leverage inherent in reduction of trigger travel, your trigger pull will increase by approximately 10% with this component installed. For Use In These Guns For use in the Sig Sauer P320 pistols (Most recent model or with factory safety upgrade), including the X-Series models. However, due to different internal dimensions of the mold, use in the Sub-Compact Grip Module is NOT recommended. Does Not Fit These Guns Not for use in non-factory upgraded P320 pistols. Does NOT function in the Sig Sauer P250.

# Safety Instruction Guide for SIG SAUER P320 Forward Set Trigger Bar

## Introduction

Thank you for choosing the SIG SAUER P320 Forward Set Trigger Bar manufactured by Apex Tactical Specialties Inc. This product is designed to enhance the performance of your P320 pistol by reducing trigger travel. However, it is essential to follow safety instructions to ensure safe and effective use. This guide provides comprehensive safety guidelines, installation instructions, and contact information for further support.

## General Safety Guidelines

- Ensure that the product is used only in factory upgraded models of the Sig Sauer P320.
- Always handle firearms and related accessories responsibly and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the trigger bar for wear and damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Trigger Pull Increase:** Be aware that installing this trigger bar may increase your trigger pull weight by approximately 10%. Familiarize yourself with this change before use.
- **Compatibility:** This trigger bar is specifically designed for use in factory upgraded Sig Sauer P320 pistols, including XSeries models. It is not compatible with nonfactory upgraded P320 pistols or the Sig Sauer P250.
- **Installation:** Ensure proper installation to avoid malfunction. If you are not confident in your ability to install the trigger bar, seek professional assistance.
- **Drop Safety:** The trigger bar maintains factory drop safety values; however, always practice safe handling procedures to prevent accidental discharge.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation.

### 2. Installation Steps:

- Remove the slide and frame from the P320.
- Carefully remove the factory trigger bar from the trigger mechanism.
- Install the Apex Forward Set Trigger Bar in the same position as the factory bar, ensuring it is securely in place.
- Reassemble the firearm, ensuring all components are correctly aligned.

### 3. Testing:

- After installation, conduct a function test to ensure proper operation.
- Check for trigger travel and reset functionality.
- If any issues arise, disassemble and inspect the installation.

#### **4. Usage:**

- Familiarize yourself with the new trigger pull weight before using the firearm in a live setting.
- Always follow safe firearm handling practices during use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic and firearm components.
- Do not throw the product in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or compatibility, please refer to the manufacturer's website or contact their customer support directly. It is crucial to have access to professional assistance if needed.

By following these guidelines, you can ensure a safe and effective experience with your SIG SAUER P320 Forward Set Trigger Bar. Always prioritize safety and responsible firearm handling.
