# LED Safe Lights Safety Instruction Guide

## Introduction

Thank you for choosing LED Safe Lights by SNAP SAFE. These lights are designed to provide illumination in gun safes, closets, cabinets, drawers, and dark hallways. This guide provides important safety instructions to ensure the safe and effective use of your LED Safe Lights.

## General Safety Guidelines

- Always ensure that the LED Safe Lights are installed in a location where they will not be exposed to moisture or extreme temperatures.
- Keep the lights out of reach of children to prevent accidents.
- Regularly check the lights for any signs of damage or malfunction.
- Use only AAA batteries as specified; do not mix old and new batteries or different brands.
- Do not attempt to disassemble or modify the LED Safe Lights.
- If the lights become damaged or do not function properly, discontinue use and dispose of them responsibly.

## Specific Safety Precautions for Use

- Ensure that the motion sensor is not obstructed by any objects that may prevent it from detecting movement.
- Avoid using the lights in areas where they may be exposed to flammable materials.
- Do not cover the lights with any materials that could block airflow or cause overheating.
- If the lights flicker or behave erratically, check the battery installation and replace batteries if necessary.
- For outdoor use, ensure the lights are rated for such conditions, as this product is primarily designed for indoor use.

## Instructions for Installation and Usage

### 1. Installation:

- Choose a suitable location for the LED Safe Lights, ensuring it is away from moisture and heat sources.
- Use the included mounting hardware or adhesive strips to secure the light bar in place.
- Ensure that the motion sensor is facing the area you wish to illuminate.

### 2. Usage:

- Insert AAA batteries into the battery compartment, ensuring correct polarity.
- Switch the mode to ON, OFF, or AUTO as desired:
  - **ON:** The light will remain on continuously.
  - **OFF:** The light will remain off.
  - **AUTO:** The light will turn on when motion is detected.
- Test the motion sensor by moving in front of the light to ensure proper functionality.

## Disposal Instructions

- Dispose of the LED Safe Lights and batteries in accordance with local waste disposal regulations.
- Do not dispose of batteries in household waste. Instead, use designated battery recycling points.
- If the product is damaged beyond repair, please ensure it is recycled responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the LED Safe Lights, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for following these safety instructions to ensure a safe experience with your LED Safe Lights.
