# LED Safe Lights Safety Instruction Guide

## Introduction

Thank you for choosing the LED Safe Lights Snap Safe Safe Light 30 LED White. This product is designed to provide illumination in dark spaces such as gun safes, closets, cabinets, drawers, and hallways. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the LED Safe Lights are used only for their intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for any signs of damage or malfunction.
- Do not attempt to repair or modify the product yourself.
- Follow all installation and usage instructions provided in this guide.
- In case of any issues, discontinue use and seek assistance.

## Specific Safety Precautions for Use

- **Battery Safety:**
  - Use only AAA batteries as specified. Do not mix old and new batteries.
  - Remove batteries if the product will not be used for an extended period.
  - Dispose of batteries properly according to local regulations.
- **Installation Safety:**
  - Ensure the installation area is dry and free from moisture.
  - Avoid installing the product in areas where it may be exposed to extreme temperatures or direct sunlight.
  - Do not install near flammable materials.
- **Motion Sensor Safety:**
  - Ensure the motion sensor is not obstructed to function correctly.
  - Test the motion sensor in various conditions to ensure it operates as intended.
- **General Use:**
  - Do not look directly into the LED lights when they are on.
  - Avoid touching the light bulbs when in use as they may become hot.

## Instructions for Installation and Usage

### 1. Installation:

- Choose a suitable location for installation (gun safe, closet, etc.).
- Clean the surface where the light will be mounted.
- Use the provided adhesive or mounting hardware to secure the light bar in place.
- Ensure that the motion sensor is positioned to detect movement effectively.

### 2. Battery Installation:

- Open the battery compartment.

- Insert AAA batteries, ensuring correct polarity (+/-).
- Close the battery compartment securely.

### 3. **Operating the Light:**

- Use the ON/OFF/AUTO switch to select your desired mode:
  - **ON:** Light is always on.
  - **OFF:** Light is off.
  - **AUTO:** Light activates when motion is detected.
- Test the motion sensor by walking in front of the light to ensure it activates.

### 4. **Maintenance:**

- Regularly check the batteries and replace them when the light dims.
- Clean the light surface with a soft, dry cloth to maintain brightness.

## **Disposal Instructions**

- Dispose of the LED Safe Lights and batteries in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check with local waste management services for recycling options.

## **Contact Information for Further Support**

For any questions or concerns regarding the LED Safe Lights, please refer to the manufacturer's website or contact the customer service department for assistance.

By following these guidelines, you can ensure safe and effective use of your LED Safe Lights. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
