The EOTech Vudu 1-6x24 is a compact, yet fully loaded rifle scope designed to meet - and exceed - the expectations of the 3-Gun competitor and serious hunter. Starting with a rugged, 30mm aluminum tube, the Vudu 1-6x24 is equipped with the EOTech's AR-coated glass for superb clarity and definition, backed up by a surgically precise turret system to help you make that critical long-range shot. The EOTech Speed Ring reticle permits fast target engagement at low power, but at higher power provides the resolution and accuracy required to tackle longer shots. This is a first focal plane reticle, so the Vudu 1-6x24 easily delivers split-second ranging at all magnification levels. Great for CQB to medium-range targeting, the EOTech Vudu 1-6x24 scope is right at home on your favorite AR-15 or even a traditional bolt action. Hunting, 3-gun competition, home defense, or literally bringing home the bacon - the Vudu 1-6x24 gets the job done.

VUDU 16X24MM FFP ILLUMINATED RIFLE SCOPE

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the VUDU 16X24MM FFP Illuminated Rifle Scope. This product is designed for precision and durability, suitable for various applications including hunting, 3gun competition, and home defense. To ensure safe and effective use of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Ensure that the scope is mounted securely to your rifle before use.
- Always treat your rifle as if it is loaded, even when not in use.
- Store the scope and rifle in a secure location, away from children and unauthorized users.
- Regularly inspect the scope for any signs of damage or wear.
- Follow all local laws and regulations regarding the use of firearms and scopes.
- Use the scope only for its intended purpose.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the rifle equipped with this scope.
- **Shooting Range Safety:** Follow all safety protocols at shooting ranges, including safe handling and shooting practices.
- **Weather Conditions:** Avoid using the scope in extreme weather conditions that could impair visibility or cause damage.
- **Reticle Adjustment:** Be cautious when adjusting the reticle; ensure the rifle is pointed in a safe direction.
- **Battery Handling:** Use the specified battery (CR2032) and handle it according to the manufacturer's instructions to avoid leaks or damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Use appropriate mounting rings to attach the scope to the rifle's rail system.
- Tighten the mounting screws securely, but do not overtighten to avoid damage.

2. Adjustment:

- Adjust the eyepiece for proper focus.
- Use the turret system to make windage and elevation adjustments as needed.

3. Usage:

- Turn on the illumination feature as required for lowlight conditions.
- Use the EOTech Speed Ring reticle for quick target acquisition at lower magnifications.
- For longrange shots, adjust to higher magnification for improved accuracy.

4. Maintenance:

- Clean the lens with a soft, lintfree cloth and lens cleaner.

- Store the scope in a protective case when not in use.

Disposal Instructions

- Dispose of the scope and any batteries in accordance with local regulations.
- Do not dispose of the scope in regular household waste.
- Check with local waste management authorities for proper disposal methods.
