## CHARGEMASTER 1500 BILLET POWDER CUP

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

AREA 419 BILLET RCBS CHARGEMASTER POWDER CUP After releasing our Autotricker based Billet Powder Cup, AREA 419 got a lot of requests for a replacement RCBS Chargemaster pan and saw some room for improvement. Introducing, the Area 419 Billet Chargemaster Powder Cup system. This system includes a replacement load cell tray turned from 6061-T6 aluminum, as well as the long-handled cup. Area 419 designed the tray to sit much lower on the scale so they could make the cup as tall as possible without interfering with the spout. The tray/cup have a tapered interface so that the cup always sits in the exact same location. The bottom of the cup is also dished so that if you get one or two kernels on the tray, it won't affect how the cup sits. Cup is roughly 2" in diameter and 1" tall. The handle sticks out about 3". Weight is roughly 700 grains for the cup, this does not reduce the capacity of the scale though, as you can still put 1500 grains in it...if it would fit, you can physically fit around 400 grains of Retumbo in it for reference. \*NOT COMPATIBLE WITH CHARGEMASTER LITE OR MATCHMASTER\* SPECIFICATIONS: Weight: .5 lbs Dimensions: 6 x 3.5 x 2 in Chargemaster Model: Chargemaster 1500

### Attributes

# BILLET RCBS CHARGEMASTER POWDER CUP SYSTEM SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the AREA 419 Billet RCBS Chargemaster Powder Cup System. This product is designed to enhance your reloading experience by providing a reliable and efficient means of measuring powder. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- **Product Safety:** This product is designed to be safe when used as intended. Ensure you understand the instructions before use.
- **Enhanced Recalls:** In the event of a safety recall, you will be notified through standardized channels. Always check for updates.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety regulations.
- **Special Consumer Focus:** Extra precautions should be taken when this product is used around children. Keep out of reach.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point for assistance.
- **Rapid Alerts:** Stay informed about any safety updates or alerts regarding this product through the Safety Gate system.

## Specific Safety Precautions for Use

- Always use the powder cup in a wellventilated area to avoid inhalation of powder particles.
- Ensure that the Chargemaster is properly calibrated before each use to avoid inaccuracies.
- Do not exceed the maximum capacity of the powder cup (1500 grains) to prevent overflow and potential hazards.
- Handle the powder cup with care; avoid dropping or striking it against hard surfaces.
- Clean the powder cup regularly to prevent residue buildup, which could affect performance.
- Store the product in a dry place away from direct sunlight and heat sources.
- Avoid using the powder cup if it appears damaged or if any components are missing.

## Instructions for Installation and Usage

### 1. Installation

- Remove the existing RCBS Chargemaster pan from the scale.
- Place the AREA 419 Billet Chargemaster Powder Cup tray onto the scale, ensuring it is securely positioned.
- The tray should sit lower on the scale for optimal performance.

### 2. Using the Powder Cup

- Attach the longhandled cup to the tray, ensuring it is seated properly.
- Fill the cup with the desired amount of powder, ensuring not to exceed the maximum capacity.
- Use the handle to pour the powder into your desired container, minimizing spills.
- After use, clean the cup and tray to maintain accuracy and hygiene.

### 3. Safety Checks

- Before each use, inspect the powder cup and tray for any signs of damage or wear.

- Ensure that the scale is functioning correctly and is calibrated.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- If the powder cup or tray is damaged beyond repair, ensure it is disposed of in a manner that prevents any risk to the environment or public safety.
- Do not dispose of any powder residues in drains or waterways; follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the designated EU contact point. Always ensure that you have the product details and any relevant information ready when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with your AREA 419 Billet RCBS Chagemaster Powder Cup System. Thank you for your attention to safety.
