Enhances Bipod Attachment

While many people might not consider a bipod-attachment point to be a key area in need of improvement, the team at Area 419 are always looking for ways to strengthen and streamline elements of any shooting platform. With the Area 419 KeyMod Improved Bipod Rail, the company enhanced this critical interface point on many rifles. The Area 419 KeyMod Improved Bipod Rail was designed from the ground up and provides a lightweight attachment rail with 43 percent more attachment space than similarly sized rails. The unit is machined from 7075-T651 aluminum, which was chosen for the best balance of strength and weight. Additionally, in the manufacture of the Area 419 KeyMod Improved Bipod Rail, every sharp edge on the rail was radiused, leading to a smooth, snag-free attachment surface.

Attributes

- Name: [AREA 419 KEYMOD IMPROVED BIPOD RAIL](#)
- Manufacturer: [AREA 419](#)
- Product no.: 100029597
- Mfr. No.: 419-IBR-KEYMOD
- Attachment: KeyMod
- Colour: Matte Black
- Feet Material: Rubber
- Folding: Yes
- Height: 6 to 9
- Delivery weight: 0.059kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 146mm
- UPC: 853675008129

KEYMOD IMPROVED BIPOD RAIL Safety Instruction Guide

Introduction

Thank you for choosing the KEYMOD IMPROVED BIPOD RAIL from AREA 419. This product is designed to enhance your shooting experience by providing a reliable and lightweight bipod attachment solution. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions outlined in this guide.

General Safety Guidelines

- Always inspect the bipod rail before each use to ensure it is free from damage and defects.
- Use the bipod rail only with compatible rifles and accessories to prevent accidents.
- Ensure that the bipod rail is securely attached before using your rifle.
- Keep the bipod rail out of reach of children and vulnerable individuals when not in use.
- Report any unsafe conditions or incidents to the appropriate authorities immediately.
- Regularly check for recalls or safety updates related to this product on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the weight limits specified for the bipod rail.
- Avoid using the bipod rail in wet or slippery conditions to maintain stability.
- Always maintain a safe shooting distance from others when using the bipod rail.
- Ensure that the bipod feet are properly positioned on stable ground to prevent tipping.
- Be aware of your surroundings and ensure that the shooting area is clear of obstructions and bystanders.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the rifle is unloaded and pointed in a safe direction.
2. **Attachment:**
 - Align the bipod rail with the KeyMod slots on your rifle.
 - Insert the provided screws into the KeyMod slots and tighten securely using an appropriate tool.
3. **Final Check:** Verify that the bipod rail is firmly attached and there is no movement.

Usage

1. **Deployment:**
 - Extend the bipod legs to the desired height (6 to 9 inches).
 - Ensure that the rubber feet are firmly placed on the ground.
2. **Stability:** Adjust the bipod as necessary to maintain stability during use.
3. **PostUse:** After use, retract the bipod legs and store the rifle in a safe location.

Disposal Instructions

- Dispose of the bipod rail in accordance with local regulations regarding aluminum and metal waste.
- Do not dispose of the bipod rail in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any questions or concerns regarding the KEYMOD IMPROVED BIPOD RAIL, please refer to the manufacturer's

contact information included with your product packaging. It is important to reach out for any safety inquiries or support you may need.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the KEYMOD IMPROVED BIPOD RAIL!
