

AIMPOINT® T1/T2 NIGHTVISION HEIGHT MOUNT - AMERICAN DEFENSE MANUFACTURING AIMPOINT T1/T2 2.33" HEIGHT NIGHT VISION MOUNT STD LEVER BLK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The AD-T1-NV Mount (Enhanced) is a one-piece mount that places the Aimpoint T1/T2 optic at a 2.33" centerline height. This height is ideal for those LE/MIL and self-reliant individuals who utilize night vision devices or protective masks, allowing them to comfortably use all available modes of NV capable optics. It is precision machined from 6061 T6 aluminum and finished in hard coat T3 Mil-Spec anodize and features the Patented QD Auto lock Lever system in either the standard or TAC lever design to accommodate both in spec and out of spec rail systems. The current T1-NV mounts now feature a standard height peep sight machined into the base to allow emergency use of back up iron sights. **FEATURES** The AD-68-C Cantilever Aimpoint mount features the Patented QD Auto Lock™ Lever system. Does not require proprietary tools for adjustment. Can be adjusted with your finger or a flat blade screwdriver. Lever can be configured to lock to the front or the rear. Superior clamping surface to insure maximum rail engagement. **MATERIALS & CONSTRUCTION** The AD-68-C Cantilever Aimpoint mount is precision CNC machined from a block of 6061 T6 aluminum. Precision machined from 6061 T6 Aluminum. Hard coat anodized for a lifetime of performance. Finished in hard coat type 3 Mil-Spec anodize for a rock hard lasting finish. Fully adjustable to fit both in spec and out of spec rail systems. American Defense MFG, LLC. products feature a lifetime warranty. Features the Patented QD Auto Lock™ Lever system. Made with pride in the U.S.A. **SPECIFICATIONS**

Safety Instruction Guide for AIMPOINT® T1/T2 Nightvision Height Mount

Introduction

Thank you for choosing the AIMPOINT® T1/T2 Nightvision Height Mount by American Defense Manufacturing. This guide provides essential safety information and instructions to ensure the safe and effective use of your mount. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that the mount is compatible with your Aimpoint T1/T2 optic and your specific rail system.
- Always inspect the mount for any signs of damage or wear before each use.
- Use the mount only for its intended purpose as specified in this guide.
- Keep the mount out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the mount is securely attached to the rail system to prevent any accidental detachment during use.
- **Adjustment Safety:** Use only your fingers or a flat blade screwdriver for adjustments. Avoid using excessive force that could damage the mount or rail.
- **Night Vision Compatibility:** When using night vision devices, ensure that the mount height is appropriate for your specific setup to avoid obstructed views.
- **Emergency Use:** Familiarize yourself with the standard height peep sight for backup iron sight usage in case of night vision failure.

Instructions for Installation and Usage

1. Installation:

- Begin by cleaning the rail system where the mount will be attached to ensure a secure grip.
- Align the mount with the rail and slide it into position.
- Use the QD Auto Lock™ Lever system to secure the mount. Ensure that the lever is locked in place.
- Check the mount for stability by attempting to move it. It should not shift or wobble.

2. Adjustment:

- If adjustments are needed, loosen the lever slightly using your fingers or a flat blade screwdriver.
- Adjust the mount to the desired position and retighten the lever until secure. Ensure it locks either to the front or rear as per your preference.

3. Usage:

- When using the Aimpoint T1/T2 optic, ensure that your eye relief is properly set for optimal viewing.
- If using night vision devices, confirm that the mount height allows for comfortable operation without obstruction.

4. Maintenance:

- Regularly inspect the mount for any signs of wear or damage.
- Clean the mount with a soft cloth to remove dirt and debris.
- Store the mount in a dry place when not in use to prevent corrosion.

Disposal Instructions

- Dispose of the mount in accordance with local regulations.
- If the mount is damaged or no longer usable, consider recycling the aluminum material where facilities are available.

Contact Information for Further Support

For further assistance or inquiries regarding safety, please refer to the manufacturer's contact information included with your product packaging or visit the official website.

By following these guidelines, you can ensure the safe operation and longevity of your AIMPOINT® T1/T2 Nightvision Height Mount. Thank you for your attention to safety and for choosing American Defense Manufacturing products.
