[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scope Accessories](#)

Two Quick-Detach Tripod Mounting Plates in One

The ShadowTech MARC QD plate provides an ultra-lightweight mounting option, with minimalist footprint, for your spotting scope, laser range finder, or camera onto your ShadowTech HOG Saddle or PIG Saddle tripod-mounted shooting rest. This Multiuse Arca RC2 Connector (MARC) plate is compatible with both (1.5"/38mm) Arca-Swiss tripod clamps and legacy Manfrotto tripod heads that use RC2/200PL attachment plates. Machined aluminum construction for strength without excess weight Tough hardcoat anodized finish resists corrosion & surface wear 1/4"-20 and 3/8"-16 stainless steel mounting screws Removable recessed retention bolts Center bolt capable for cameras and spotting scopes ShadowTech's MARC QD plate accommodates Arca-Swiss plate retention slots and Feisol retention plungers, plus it prevents horizontal movement with Manfrotto tripod heads. And of course, it's dual bolt capable for both HOG Saddle and PIG Saddle attachment.

Safety Instruction Guide for MULTIPURPOSE ARCA RC2 DUAL BOLT CONNECTOR

Introduction

Thank you for choosing the ShadowTech MULTIPURPOSE ARCA RC2 DUAL BOLT CONNECTOR. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used for its intended purpose only.
- Always inspect the connector for any signs of damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about potential recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the maximum load capacity of the product.
- Ensure that all mounting screws are securely tightened before use.
- Avoid using the connector in extreme weather conditions that may affect its performance.
- Use caution when attaching or detaching equipment to prevent injury.
- Do not modify the product in any way, as this may compromise safety.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the tripod and connector are clean and free from debris.
- Check that all components are present and undamaged.

2. Installation:

- Align the MARC QD plate with the ArcaSwiss tripod clamp or Manfrotto tripod head.
- Secure the connector using the provided 1/4"20 and 3/8"16 stainless steel mounting screws.
- Ensure that the removable recessed retention bolts are properly engaged.

3. Usage:

- Attach your spotting scope, laser range finder, or camera to the MARC QD plate.
- Verify that the equipment is securely fastened and does not wobble.
- Adjust the equipment as needed for optimal positioning while ensuring stability.

4. PostUse Care:

- After use, clean the connector and tripod to remove any dirt or moisture.
- Store the product in a dry place away from direct sunlight.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.

- Consider recycling options for materials such as aluminum and steel.

Contact Information for Further Support

For any safety inquiries or further support, please reach out to the designated EU contact point for this product.

Thank you for prioritizing safety while using the ShadowTech MULTIPURPOSE ARCA RC2 DUAL BOLT CONNECTOR. Your attention to these guidelines helps ensure a safe and enjoyable experience.
