[Gunsmith Tools](#) > [Measuring Tools](#) > [Calipers](#)

IGAGING IP54 ORIGINCAL DIGITAL CALIPERS WITH DATA OUTPUT The iGaging OriginCal Calipers with Data Output are precision measuring tools designed for gunsmiths and firearm enthusiasts who require accurate measurements and efficient data management. These calipers facilitate precise assessments of firearm components and streamline the recording process for enhanced workflow efficiency. Key Features: High Precision Measurement: The calipers measure dimensions from 0 to 6 inches (0 to 150 mm) with an accuracy of 0.001 inches, ensuring precise evaluations of both internal and external firearm components. Data Output Capability: Equipped with data output functionality, these calipers allow users to transfer measurement data directly to a computer using the optional DataConnect kit, simplifying data recording and analysis. Durable Construction: Constructed from hardened steel with lapped contact surfaces, the calipers offer durability and long-lasting accuracy, essential for repeated use in demanding environments. Dual Measurement Modes: The digital readout provides measurements in both imperial (inches) and metric (millimeters) units, accommodating user preferences and various project requirements. Specifications: Measurement Range: 0 to 6 inches (0 to 150 mm) Accuracy: 0.001 inches Resolution: 0.0005"/0.01 mm Material: Hardened steel with lapped contact surfaces Data Output: Compatible with iGaging's DataConnect kit for direct data transfer Certification: ISO-9001 certified Customer Insights: Customers value the iGaging OriginCal Calipers with Data Output for their precision and the convenience of data transfer capabilities. The high accuracy and durable construction make them suitable for detailed measurements of firearm parts, while the data output feature enhances efficiency in recording and analyzing measurements. Users also appreciate the dual measurement modes, which provide flexibility in various applications. Incorporating the iGaging OriginCal Calipers with Data Output into your gunsmithing toolkit ensures precise measurements and streamlined data management, contributing to meticulous firearm maintenance and customization.

## Attributes

- Name: [IGAGING IP54 ORIGINCAL 0-6" DIGITAL CALIPERS W/DATA OUTPUT SS](#)
- Manufacturer: [IGAGING](#)
- Product no.: 100032901
- Mfr. No.: 100-700-06
- Accuracy: 0.001"
- Colour: Gray
- Height: 0.1"
- Length: 10"
- Material: Stainless Steel
- Measuring Range: 0-6"
- Model Number: 0 to 6 inches (0 to 150 mm)
- Weight: 0.3 lbs
- Width: 3.75"
- Delivery weight: 0.358kg
- Shipping height: 32mm

- Shipping width: 95mm
- Shipping length: 254mm
- UPC: 012100700063

# IGAGING IP54 Original Digital Calipers with Data Output Safety Instructions

## Introduction

Thank you for choosing the IGAGING IP54 Original Digital Calipers with Data Output. This precision measuring tool is designed for firearms enthusiasts and professionals who require accurate measurements and efficient data management. To ensure your safety and the optimal performance of the product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Product Safety: Always use the calipers as intended. Ensure that the product meets all safety standards and guidelines as outlined in the EU General Product Safety Regulation (GPSR).
- Enhanced Recalls: Stay informed about any potential recalls. Regularly check for updates regarding the safety of your product.
- Online Shopping: When purchasing online, ensure that the retailer complies with safety requirements similar to those of physical stores.
- Special Consumer Focus: Extra care should be taken when using this product around vulnerable groups, including children. Keep out of reach of children.
- EU Contact Point: For any safety inquiries or concerns, refer to the contact point provided by your retailer or manufacturer.
- Rapid Alerts: Be aware of the Safety Gate system for rapid updates on unsafe products.

## Specific Safety Precautions for Use

- Always handle the calipers with clean, dry hands to avoid contamination and ensure accurate measurements.
- Avoid using the calipers in extreme temperatures or humid environments to maintain their accuracy and functionality.
- Do not use the calipers on live circuits or in environments where electrical hazards may be present.
- Ensure that the measuring surfaces are clean and free from debris before taking measurements.
- Do not apply excessive force when measuring to prevent damage to the calipers.
- If the calipers show signs of damage or malfunction, discontinue use immediately and seek support.

## Instructions for Installation and Usage

### • Battery Installation:

- Open the battery compartment as per the manufacturer's instructions.
- Insert the battery, ensuring correct polarity is observed.
- Close the battery compartment securely.

### • Using the Calipers:

- Turn on the calipers using the power button.
- Select the desired measurement mode (imperial or metric) by following the display instructions.
- To measure an object:
  - Open the calipers and place the object between the measuring jaws.
  - Close the jaws gently until they make contact with the object.
  - Read the measurement displayed on the digital screen.
- To transfer data, connect the calipers to a computer using the DataConnect kit, following the kit's specific instructions.

- **Maintenance:**

- Clean the calipers regularly with a soft cloth to remove dust and debris.
- Store the calipers in a protective case when not in use to prevent damage.

## **Disposal Instructions**

- Dispose of the calipers in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Remove the battery before disposal and recycle it according to local guidelines.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the IGAGING IP54 Original Digital Calipers with Data Output, please refer to the contact information provided by your retailer or manufacturer.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy the precision and efficiency of your new measuring tool!
