

10X MAGNIFIER WITH SCALE - IGAGING 10X MAGNIFIER W/LED LIGHT AND 0.005" SCALE RETICLE

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Visors & Magnifiers](#)

Firearms are loaded with tight corners and tiny parts, which makes working or building guns a pain at times. Make sure you can see your work clearly with the iGaging 10X Magnifier. Each magnifying loupe is equipped with eight LED bulbs, so small components and dark firearm internals are instantly flooded with illumination, providing all the information users need to keep their project going. The unit's lens won't distort the details on your gun, and a built-in reticle allows users to measure length, diameter, radii, angles, pitch and thickness. When not in use, the loupe can be protected with the included leather case.

Safety Instruction Guide for the iGaging 10X Magnifier with Scale

Introduction

Thank you for choosing the iGaging 10X Magnifier with Scale. This product is designed to help you see intricate details clearly while working with firearms. Please read this safety instruction guide carefully to ensure safe and effective use of the magnifier.

General Safety Guidelines

- Ensure safe use of the magnifier by following these guidelines:
 - Always inspect the product for damage before use.
 - Keep the magnifier out of reach of children.
 - Use the product only for its intended purpose.
 - Do not use the magnifier if you are under the influence of drugs or alcohol.
 - Avoid using the magnifier in wet or damp conditions.
- In case of an emergency or hazardous situation, report unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about any safety issues related to this product.

Specific Safety Precautions for Use

- When using the magnifier:
 - Do not look directly into bright light sources while using the magnifier.
 - Be cautious of sharp edges on firearms or components while inspecting them.
 - Ensure that the area is welllit to maximize the effectiveness of the LED bulbs.
 - Avoid prolonged exposure to the LED light to prevent eye strain.
- If you experience discomfort or vision issues while using the magnifier, discontinue use immediately and consult a medical professional.

Instructions for Installation and Usage

1. Unpack the Product

- Carefully remove the magnifier from its packaging.
- Inspect the product for any visible damage.

2. Powering the LED Light

- Insert the required batteries as indicated in the product manual.
- Turn on the LED light using the switch located on the body of the magnifier.

3. Using the Magnifier

- Hold the magnifier at a comfortable distance from the object you wish to inspect.
- Adjust the angle of the magnifier as needed for optimal viewing.
- Use the builtin reticle for measuring length, diameter, radii, angles, pitch, and thickness.

4. Storing the Magnifier

- When not in use, place the magnifier in the included leather case to protect it from dust and

damage.

- Store the magnifier in a dry place away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the magnifier and its packaging responsibly:
 - Check local regulations for electronic waste disposal.
 - Do not dispose of batteries in regular household waste; recycle them according to local guidelines.
- Ensure that the product is completely powered off before disposal.
