## Keep your 10/22 Takedown Running

One of the many uses of the Ruger 10/22 Takedown design is as a compact survival tool that can remain ready in a prepper pack until needed. However, to ensure that your rimfire rifle works in these survival situations, having spares like the Powder River Precision Survivor Series 10/22 Ejector on hand is essential. Each Powder River Precision Survivor Series 10/22 Ejector is machined from stainless steel and is heat-treated to a Rockwell Hardness of 40 RCH. In addition to the spare ejector, the unit also comes with an additional extractor, which is another component on the 10/22 Takedown that can break during disassembly, if the rifle is taken down improperly.

## Attributes

- Name: [POWDER RIVER PRECISION INC RUGER 10/22 EJECTOR WITH EXTRACTOR](#)
- Manufacturer: [POWDER RIVER PRECISION INC](#)
- Product no.: 100033140

# Safety Instruction Guide for RUGER® 10/22® Ejector with Extractor

## Introduction

Thank you for choosing the RUGER® 10/22® Ejector with Extractor by Powder River Precision Inc. This product is designed to enhance the functionality of your Ruger 10/22 Takedown rifle and ensure its reliability in survival situations. It is essential to follow the safety guidelines and instructions outlined in this guide to ensure safe and effective use.

## General Safety Guidelines

- Always handle firearms and their components with care and respect.
- Ensure that the firearm is unloaded before performing any maintenance or installation.
- Store all firearm components in a secure location, away from children and unauthorized users.
- Regularly inspect the ejector and extractor for wear or damage.
- If you experience any issues with the ejector or extractor, cease use immediately and seek professional assistance.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to malfunction or injury.
  - The ejector and extractor are small parts that can pose a choking hazard for children.
- **Avoiding Hazards:**
  - Ensure that you are familiar with the assembly and disassembly of the Ruger 10/22 Takedown rifle before attempting to install the ejector and extractor.
  - Keep the work area clean and free of distractions while handling firearm components.
  - Use appropriate tools and follow the instructions carefully to avoid damage to the components or the firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary tools for installation, such as a screwdriver and a punch tool.

### 2. Installation Steps:

- Remove the stock from the Ruger 10/22 Takedown rifle according to the manufacturer's instructions.
- Locate the existing ejector and extractor within the firearm.
- Carefully remove the old ejector and extractor using the appropriate tools.
- Install the new Powder River Precision Survivor Series 10/22 Ejector and Extractor by aligning them correctly in their designated slots.
- Ensure that both components are securely fastened and functioning properly.
- Reassemble the rifle according to the manufacturer's guidelines.

### 3. Usage:

- After installation, perform a function check to ensure that the ejector and extractor operate

- correctly.
- Regularly clean and maintain the ejector and extractor in accordance with the Ruger 10/22 maintenance guidelines.

## **Disposal Instructions**

- Dispose of any old or damaged ejectors and extractors responsibly.
- Do not dispose of firearm components in household waste.
- Check local regulations for proper disposal methods for firearm components.

## **Contact Information for Further Support**

For any safety inquiries or assistance regarding the RUGER®10/22® Ejector with Extractor, please refer to the manufacturer's contact information provided in the product packaging or user manual.

By following these guidelines, you can ensure the safe and effective use of the RUGER®10/22® Ejector with Extractor. Thank you for prioritizing safety in your firearm practices.
