Improve Your M&P Trigger Feel

For owners of Smith & Wesson's original M&P handguns, optimizing the trigger has often been a priority. With the Apex Tactical Polymer Action Enhancement Trigger, owners can improve the feel and function of their trigger assembly. Each Apex Tactical Polymer Action Enhancement Trigger for S&W M&P directly replaces the factory trigger without any additional work and offers a center-mounted pivoting safety in lieu of the hinged trigger safety found on factory M&P triggers. The benefit owners will see from installing the Apex Tactical Polymer Action Enhancement Trigger on your M&P is a reduction in pre-travel distance by 20 percent and reduced over-travel by 10 percent. The trigger can also be used in the company's Competition and Duty/Carry Action Enhancement Kits.

Safety Instruction Guide for the Apex Tactical Polymer Action Enhancement Trigger

Introduction

Thank you for choosing the Apex Tactical Polymer Action Enhancement Trigger for your Smith & Wesson M&P handgun. This guide provides important safety information, installation instructions, and maintenance tips to ensure the safe and effective use of your new trigger. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the basic operation of your Smith & Wesson M&P handgun before installing the trigger.
- Always treat your firearm as if it is loaded, even when it is not.
- Store your firearm and any accessories in a secure location, away from children and unauthorized users.
- Regularly check for any recalls or safety updates regarding your product on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the Apex Tactical Polymer Action Enhancement Trigger with Smith & Wesson M&P handguns.
- Ensure that your firearm is unloaded before beginning the installation process.
- Wear safety glasses to protect your eyes during installation.
- Avoid working in a cluttered or distracting environment to minimize the risk of accidents.
- Do not modify the trigger or any other components beyond the manufacturer's specifications.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials for installation, including a punch tool and a hammer.
- Ensure that your M&P handgun is completely unloaded and pointed in a safe direction.

2. Installation Steps:

- Remove the factory trigger from your M&P handgun by following the manufacturer's instructions.
- Carefully install the Apex Tactical Polymer Action Enhancement Trigger in place of the factory trigger.
- Ensure that the centremounted pivoting safety is properly aligned and functioning.
- Reassemble your firearm according to the manufacturer's guidelines.

3. PostInstallation Checks:

- After installation, perform a function check to ensure that the trigger operates correctly.
- Test the safety feature to confirm that it is engaging and disengaging as intended.
- If you encounter any issues, do not use the firearm until the problem is resolved.

4. Usage:

- Familiarize yourself with the new trigger's feel and function before using your firearm in a live environment.
- Practice safe handling and shooting techniques at all times.

Disposal Instructions

- Dispose of the factory trigger and any packaging materials responsibly, following local regulations for hazardous waste disposal.
- If the Apex Tactical Polymer Action Enhancement Trigger is ever deemed unsafe or defective, contact the manufacturer for guidance on safe disposal methods.

Contact Information for Further Support

- For any questions or concerns regarding the installation or use of the Apex Tactical Polymer Action Enhancement Trigger, please refer to the manufacturer's website or contact their customer support team.

By following these guidelines, you can help ensure your safety and the safety of others while using your Apex Tactical Polymer Action Enhancement Trigger. Thank you for your attention to these important safety instructions.
