

TITANIUM GRIP SCREWS FOR SW22 VICTORY™, RUGER® 22/45 - TANDEMKROSS TITANIUM GRIP SCREWS FOR SW22 VICTORY, RUGER 22/45

[Handgun Parts](#) > [Grip Parts](#) > [Grip Screws](#)

At a glance: Made from titanium for long-term durability and corrosion resistance Fits the SW22® Victory™, Ruger® MKIV 22/45 & Ruger® MKIII 22/45 grip frames Engraved screws allow for the ultimate custom look Looking to customize your SW22® Victory™, Ruger® MKIV 22/45 or Ruger® MKIII 22/45? Take your personalization a step further with custom engraved screws from TANDEMKROSS. These engraved grip screws are the perfect compliment to a stock or aftermarket grip, like the "hiveGrip" for SW22® Victory™ or "hiveGrip" for Ruger® MKIV 22/45. The screws are made from titanium for long-lasting durability and corrosion resistance. The T10 torx screws are highly resistant to stripping, keeping the screws functioning throughout many disassemblies and reassemblies. The engraved screws are sold in sets of 4, and ship with a torque screwdriver and o-rings for easy installation and proper orientation. Supported Model List: SW22® Victory™ Ruger® MKIV 22/45 Ruger® MKIII 22/45

Safety Instruction Guide for TITANIUM GRIP SCREWS FOR SW22 VICTORY™ AND RUGER® 22/45

Introduction

Thank you for choosing the TITANIUM GRIP SCREWS FOR SW22 VICTORY™ and RUGER® 22/45. This guide provides important safety instructions and information to ensure the safe use of these products. Please read this guide carefully before installation and usage.

General Safety Guidelines

- **Product Safety:** Ensure safe use by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** If purchased online, ensure the seller complies with safety requirements.
- **Special Consumer Focus:** Extra care should be taken when used by individuals who may be vulnerable, including children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point for this product.
- **Rapid Alerts:** Be aware of updates on unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- Always verify that the screws are compatible with your firearm model (SW22® Victory™, Ruger® MKIV 22/45, Ruger® MKIII 22/45).
- Ensure that the firearm is unloaded before installation or removal of the grip screws.
- Handle screws with care to avoid injury from sharp edges.
- Use appropriate tools for installation to prevent damage to the screws and firearm.
- Avoid overtightening the screws during installation to prevent stripping and damage.
- Keep screws and tools out of reach of children.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a T10 torx screwdriver and the included orings.

2. Installation:

- Remove the existing grip screws from your firearm using the T10 torx screwdriver.
- Align the new titanium grip screws with the grip frame.
- Insert the screws into the corresponding holes and handtighten them.
- Use the T10 torx screwdriver to tighten the screws to the manufacturer's recommended torque specification. Avoid overtightening.
- Install the orings to ensure proper fit and function.

3. Usage:

- Regularly check the screws for tightness, especially after extensive use.
- If you notice any stripping or damage to the screws, replace them immediately.

Disposal Instructions

- Dispose of any old screws and packaging materials in accordance with local regulations.
- Do not dispose of titanium screws in regular waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the TITANIUM GRIP SCREWS FOR SW22 VICTORY™ and RUGER® 22/45, please refer to the designated EU contact point for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your TITANIUM GRIP SCREWS. Thank you for your attention to safety.
