A Chassis You Can Customize to Fit Like a Glove

The KRG Whiskey-3 Chassis (W3C) is one of the premier chassis available for your bolt action precision rifle. The W3C combines precise aluminum bedding with tool-less adjustments, durability, and excellent ergonomics. Right out of the box it allows the use of AICS style magazines (not included) in your rifle without any special bottom metal. Numerous types of accessories can be added to the many attachment points, including handstops, sling mounts, rails, bipods, monopods, and more. KRG's modular grip panels allow the shooter to tailor the fit of the stock to his/her hand which, combined with the other adjustments, yield a stock set up exactly as it needs to be for that particular shooter. The latest Generation (6) features a new length-of-pull locking mechanism that is a bit more streamlined than previous generations and allows for faster adjustments. Remington 700 long action chassis takes AICS pattern 3.850" length magazines.

Introduction

Thank you for choosing the KRG Whiskey3 Chassis (W3C) for your Remington 700 rifle. This guide provides essential safety instructions to ensure safe and effective use of the chassis. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified.
- Always handle firearms and firearm accessories with care and in accordance with local laws and regulations.
- Inspect the chassis regularly for any signs of wear or damage before use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the chassis.
- Use only AICS pattern magazines that are compatible with the chassis.
- Avoid using the chassis in extreme weather conditions that could affect its performance.
- Do not modify the chassis in any way that is not recommended by the manufacturer.
- Always wear appropriate personal protective equipment (PPE) when using firearms.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the original stock from the Remington 700 rifle carefully.
3. Align the KRG Whiskey3 Chassis with the action of the rifle.
4. Secure the chassis using the provided screws and tools, ensuring a snug fit.
5. Adjust the length of pull and other ergonomic features to suit your preference.

Usage

- Load the compatible AICS magazines into the chassis as per the manufacturer's guidelines.
- Regularly check the fit and stability of the chassis during use.
- Make adjustments to the grip panels and other features as needed for comfort and control.
- After use, clean and maintain the chassis according to the manufacturer's instructions.

Disposal Instructions

- Dispose of the chassis in accordance with local regulations for electronic and metal waste.
- Do not dispose of the chassis in regular household waste.
- If the chassis is damaged beyond repair, consider recycling the materials where possible.
