A Chassis You Can Customize to Fit Like a Glove

The KRG Whiskey-3 Chassis (W3C) is one of the premier chassis available for your bolt action precision rifle. The W3C combines precise aluminum bedding with tool-less adjustments, durability, and excellent ergonomics. Right out of the box it allows the use of AICS style magazines (not included) in your rifle without any special bottom metal. Numerous types of accessories can be added to the many attachment points, including handstops, sling mounts, rails, bipods, monopods, and more. KRG's modular grip panels allow the shooter to tailor the fit of the stock to his/her hand which, combined with the other adjustments, yield a stock set up exactly as it needs to be for that particular shooter. The latest Generation (6) features a new length-of-pull locking mechanism that is a bit more streamlined than previous generations and allows for faster adjustments. Remington 700 long action chassis takes AICS pattern 3.850" length magazines.

WHISKEY 3 REMINGTON 700 CHASSIS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the KRG Whiskey3 Chassis for your Remington 700 long action rifle. This guide provides essential safety instructions to ensure the safe use and maintenance of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the chassis.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always handle firearms with care and follow standard safety practices.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before installing the chassis on your rifle, ensure that the firearm is unloaded.
- Use only AICS pattern magazines (3.850" length) compatible with the chassis.
- Do not modify the chassis or any components, as this may compromise safety.
- Ensure that all adjustments to the chassis are secure before use.
- Always wear appropriate safety gear, including eye protection, when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation

- Unload your Remington 700 rifle and ensure it is pointed in a safe direction.
- Remove the existing stock from your rifle by unscrewing the action screws.
- Align the action of your rifle with the bedding of the Whiskey3 Chassis.
- Secure the action in place using the provided hardware, ensuring all screws are tightened to the manufacturer's specifications.
- Attach any accessories (e.g., handstops, sling mounts, bipods) to the designated attachment points as needed.

2. Usage

- Adjust the length of pull using the locking mechanism, ensuring it is secure before shooting.
- Customize the grip panels to fit comfortably in your hand.
- Load your AICS magazines and ensure they are seated properly in the chassis.
- Always check that the rifle is in a safe condition before handling or transporting.

Disposal Instructions

- Dispose of the chassis and any components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authorities for guidance on environmentally friendly disposal options.
