

# FN SCAR CHARGING HANDLE - KINETIC DEVELOPMENT GROUP

## SCAR AMBIDEXTROUS CHARGING HANDLE, FDE

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

The Scarging handle fits both 5.56 and 7.62 NATO versions of the SCAR, and installs in seconds. The radius-faced design, and swept geometry of the Scarging Handle allows the user to achieve a more solid grasp when manipulating the bolt. This allows for easier charging, clearing of stoppages, and administratively locking the firearm bolt to the rear. The shooter can choose between left or right side installation to match their hand dominance, and can rotate the Scarging Handle to either downward or upward sweep. The downward sweep protects the hand from “busted knuckles” due to optics mounts by keeping it down and away from the weapon’s top. This also has the added benefit of additional leverage gained, and increased grasping surface for larger hands or when wearing gloves. The Scarging handle can alternatively be installed with the curve upward, which provides the user a slick side receiver to prevent snagging or “SCAR Thumb” (i.e. having the reciprocating charging handle strike your hand when using a magwell hold or unconventional shooting method). All Scarging Handles are constructed of low carbon 1080 steel, and finished with a durable black, mil-spec finish. The accessory protrudes less distance from the receiver than the factory unit, and is profiled to be snag-resistant when wearing body armor or other gear.

### Attributes

- Name: [KINETIC DEVELOPMENT GROUP SCAR AMBIDEXTROUS CHARGING HANDLE, FDE](#)
- Manufacturer: [KINETIC DEVELOPMENT GROUP](#)
- Product no.: 100035908
- Mfr. No.: SCP5-021
- Finish: Flat Dark Earth
- Hand: Ambidextrous
- Model: SCAR 16, SCAR 17
- Weapon type: FN
- Delivery weight: 0.034kg
- Shipping height: 32mm
- Shipping width: 57mm
- Shipping length: 114mm
- UPC: 851064007456

### Item details

Made in USA

US export classification: 0A501.x

# FN SCAR Charging Handle Safety Instructions

## Introduction

Thank you for choosing the FN SCAR Charging Handle by Kinetic Development Group. This guide provides essential safety instructions and information to ensure the safe and effective use of your charging handle. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure the firearm is unloaded before installing or handling the charging handle.
- Always handle the firearm with care and follow all local laws and regulations regarding firearm ownership and use.
- Keep the charging handle and firearm out of reach of children and unauthorized users.
- Regularly inspect the charging handle and firearm for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Hand Injuries:** When using the charging handle, be mindful of your hand placement to avoid injuries from the reciprocating charging handle.
- **Use Proper Grip:** Ensure you have a secure grip on the charging handle to prevent slippage during operation.
- **Optics Consideration:** If using optics, be aware of the potential for "busted knuckles" and adjust your hand position accordingly.
- **Wear Protective Gear:** When handling the firearm, consider wearing gloves to improve grip and protect your hands.
- **Installation Orientation:** Choose the installation orientation (upward or downward sweep) based on your shooting style and comfort.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Preparation:

- Ensure the firearm is completely unloaded and safe to handle.
- Gather necessary tools for installation (if any).

#### 2. Remove the Existing Charging Handle:

- Follow the manufacturer's instructions to safely remove the factory charging handle from your SCAR model.

#### 3. Install the FN SCAR Charging Handle:

- Align the charging handle with the receiver.
- Choose your desired orientation (upward or downward sweep).
- Press the charging handle into place until it is securely installed.

#### 4. Test Functionality:

- After installation, check the charging handle's movement to ensure it operates smoothly.
- Ensure that it does not obstruct any other components of the firearm.

## **Usage Instructions**

- To charge the firearm, pull the charging handle back firmly and release it to chamber a round.
- For clearing stoppages, use the charging handle to cycle the action as needed.
- Always ensure the firearm is pointed in a safe direction during operation.

## **Disposal Instructions**

- Dispose of the charging handle in accordance with local regulations and guidelines for hazardous materials.
- Do not discard in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or further support regarding the FN SCAR Charging Handle, please refer to the manufacturer's website or contact your retailer.
