

SCORPION UNIVERSAL REFLEX MOUNT FOR GLOCK® - STRIKE INDUSTRIES SCORPION UNIVERSAL REFLEX MOUNT FOR GLOCK®

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Handgun Bases](#)

Strike Industries is proud to introduce a revolutionary new product. The Universal Reflex Mount for GLOCK™. It has one of the lowest bore axes in the industry without the hassle and cost of cutting your slide! We have put many hours and 1000's of rounds down range with most of the more popular red dot optics on the market with no problems what so ever! This includes the Burris* fast* fire* II & III, Leupold* delta point* reflex sights, Docters* II & III, EoTech* (MRDS*), Trijicon* RMR* and many others. The mount itself is secured to the slide via the dovetail with 6 set screws.

SCORPION UNIVERSAL REFLEX MOUNT FOR GLOCK® Safety Instruction Guide

Introduction

Thank you for choosing the SCORPION UNIVERSAL REFLEX MOUNT FOR GLOCK® by Strike Industries. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of this product. Please read this manual carefully before use to understand how to operate the mount safely and effectively.

General Safety Guidelines

- Ensure that the mount is compatible with your specific GLOCK® model before installation.
- Always handle firearms with care and follow all standard safety practices when using or installing the mount.
- Keep the mount and all related equipment out of reach of children and unauthorized users.
- Regularly inspect the mount for any signs of wear or damage before each use.
- If you notice any unusual behavior or performance issues while using the mount, discontinue use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Use the mount only with compatible red dot optics as specified in the product description.
- Do not attempt to modify or alter the mount in any way, as this may compromise its safety and functionality.
- Ensure that all set screws are securely tightened before using the mount to prevent any movement or detachment during use.
- Always wear appropriate eye and ear protection when using firearms equipped with the mount.
- Avoid using the mount in adverse weather conditions that may affect visibility or performance.

Instructions for Installation and Usage

Installation Steps

1. **Gather Tools and Materials:** Ensure you have all necessary tools, including a screwdriver suitable for the set screws.
2. **Prepare the GLOCK® Slide:** Clean the mounting area on the GLOCK® slide to remove any debris or oil.
3. **Position the Mount:** Align the SCORPION UNIVERSAL REFLEX MOUNT with the dovetail of the GLOCK® slide.
4. **Secure the Mount:**
 - Insert and tighten the six set screws provided with the mount.
 - Ensure that the mount is firmly attached and does not move.
5. **Attach Red Dot Optic:** Follow the manufacturer's instructions for attaching your chosen red dot optic to the mount.

Usage Instructions

- Once installed, check the alignment of the optic. Make necessary adjustments to ensure proper sighting.
- Test the mount and optic combination at a safe shooting range, ensuring functionality and accuracy before regular use.
- Regularly check the tightness of the set screws and the condition of the mount after each use.

Disposal Instructions

- Dispose of the SCORPION UNIVERSAL REFLEX MOUNT in accordance with local regulations regarding metal waste.
- Do not dispose of the mount in regular household waste. Check with local authorities for specific disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the SCORPION UNIVERSAL REFLEX MOUNT FOR GLOCK®, please refer to the manufacturer's website or contact their customer support for assistance.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your SCORPION UNIVERSAL REFLEX MOUNT FOR GLOCK®. Always prioritize safety and responsible use.
