## **An Enhanced Trigger Kit for Your Glock Slimline Pistol**

Glock's collection of Slimline handguns are some of the most popular concealed-carry guns on the market today, and Apex Tactical has the perfect trigger-upgrade option available for these easily carried guns in the form of the company's Action Enhancement Kit designed for slim-frame Glocks. Each Apex Tactical Action Enhancement Kit includes the company's enhanced trigger, trigger bar and Apex Performance Connector. All of the components are direct, drop-in replacements of the factory trigger components, and the improved parts provide a smoother trigger pull with reduced trigger travel, a shortened reset and a crisp, clean break. Overall, owners of Glock Slimline pistols can expect to see an improved trigger-pull weight of 5.5 pounds with the Apex Action Enhancement Kit, and the center-mounted pivoting safety on the Apex trigger ensures that all the safety elements included in the OEM Glock pistol are preserved. This kit is designed for use on the Glock G43, G43X and G48. It cannot be used on the Glock G42.

## Safety Instruction Guide

### Introduction

Thank you for choosing the Action Enhancement Trigger Kit for Slim Frame Glocks by Apex Tactical Specialties Inc. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before installation and usage.

### General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always handle firearms with care and follow standard firearm safety practices.
- Keep the kit out of reach of children and unauthorized users.
- Regularly inspect the product for wear and damage.
- In case of any malfunction or irregularities, cease use immediately and consult a qualified gunsmith.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- **Age Restriction:** This product is intended for use by individuals aged 18 and older. Ensure that younger individuals do not handle this product without adult supervision.
- **Firearm Compatibility:** This kit is designed exclusively for Glock models G43, G43X, and G48. It must not be installed on the Glock G42 or any other model.
- **Trigger Safety:** The centermounted pivoting safety on the Apex trigger must function correctly. Regularly test the safety feature before use.
- **Installation Environment:** Perform the installation in a clean, welllit environment, free from distractions.
- **Personal Protective Equipment:** Use appropriate safety gear, such as safety glasses, during installation to protect against potential injuries.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and a small hammer.

#### 2. Installation Steps:

- Remove the factory trigger components from the Glock.
- Install the Apex enhanced trigger by following these steps:
  - Align the trigger bar with the connector and slide it into place.
  - Secure the trigger assembly back into the frame.
  - Test the trigger pull and ensure it functions smoothly.
- Reassemble the firearm and perform a function check to ensure proper operation.

#### 3. Usage:

- Familiarize yourself with the new trigger feel before using the firearm in a live environment.
- Always follow safe handling practices when using your firearm.
- Regularly practice with the upgraded trigger to maintain proficiency.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic and firearm accessories.
- Do not dispose of the product in regular household waste. Check for designated recycling or hazardous waste disposal facilities.

## **Contact Information for Further Support**

For assistance with installation, usage, or safety inquiries, please refer to the manufacturer's website or contact their customer service directly. Ensure you have your product details ready for a more efficient support experience.

## **Conclusion**

The Action Enhancement Trigger Kit for Slim Frame Glocks is designed to enhance your shooting experience while maintaining safety and compliance with regulations. Always prioritize safety and responsible firearm handling. Thank you for choosing Apex Tactical Specialties Inc.
