# Safety Instruction Guide for T1/T2 Fixed Red Dot Optic Mounts

## Introduction

Thank you for choosing the Midwest Industries T1/T2 Fixed Red Dot Optic Mount. This guide provides essential safety instructions and installation tips to ensure safe and effective use of your product. Please read this guide thoroughly before use and keep it for future reference.

## General Safety Guidelines

- Ensure that the optic mount is compatible with your red dot optic.
- Always check for any visible damage to the optic mount before installation. Do not use if damaged.
- Follow all installation instructions carefully to prevent accidents or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the optic mount for wear and tear, and replace if necessary.
- In case of any malfunction or safety concern, stop using the product immediately and seek assistance.

## Specific Safety Precautions for Use

- Use the optic mount only for its intended purpose, which is to securely mount T1/T2 red dot optics.
- Avoid using the optic mount in extreme weather conditions that may affect its performance.
- Do not exceed the recommended torque specifications when securing the optic mount to the upper receiver.
- Be cautious of sharp edges during installation and handling.
- Ensure that all installation tools are used properly and safely.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and hardware included with the optic mount.
- Ensure that your workspace is clean and free from distractions.

### 2. Removing Existing Mount:

- Carefully remove any existing optic mount from your firearm's upper receiver.

### 3. Installing the Red Dot Optic:

- Remove bolts from the MI optic mount.
- Install the desired red dot optic with the compatible T2 Interface. Ensure it is properly seated.

### 4. Securing the Optic:

- Torque the optic screws to the manufacturer recommended specifications.
- Use a torque wrench to ensure accuracy.

### 5. Mounting the Optic Mount:

- Slide the MI optic mount onto the upper receiver.
- Secure the optic mount cross bolts to 40 inch lbs using a torque wrench.

### 6. Final Check:

- Inspect the installation to ensure everything is secure and properly aligned.
- Test the optic for functionality before use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the optic mount with household waste.
- Consider recycling materials where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the product, please refer to the manufacturer's official contact points for assistance.

Thank you for choosing Midwest Industries. Your safety and satisfaction are our top priorities.
